Showboat Days Are Almost Here

Second Annual Production Will Provide Finest in Minstrelsy and Vaudeville

Hear the beat of dancing feet? That is the final preparation for the coming extravaganza of the Showboat...

To those who want to get an eyeful of the latest and best in the form of entertainment Lowell attends a cordial invitation to attend the 1933 presentation of the Showboat.

Nightly, over fifty persons are putting forth their efforts towards making the play a success. New and surprising novelties are being rehearsed...

Mr. McGowan, the director, is trying his best to make the show bigger and better than a year ago and from observations his

expectations are to be realized. Mr. Runciman will be the Interlocutor and much laughter will be forthcoming from the deep and serious questions that he will propound to the end men who are—Dr. Stryker, Frank Newell, Walter Kropf, Bruce McMahon, D. MacDuffy and Roland Crane.

Rolland Crane, who sang "Roll on Mississippi" in last year's Showboat, has written a number entitled "Heading Home," which he will introduce at this year's performance.

There will also be numerous specialties and vaudeville acts, all working hard to outdo last season's performance.

It is also said that there will be celebrities present at the play and it is rumored that certain things will take place that even the cast has not an inkling of as yet.

So with the boat about ready for its final decorating and the show an assured success don't forget the dates, 3rd, 4th, and 5th of August.

So Many Good Names for Pond, Judges Beg More Time; Names Show Thoughtfulness

Much interest has been manifested by Ledger readers in the campaign to choose a more fitting name for the body of water a short distance north of Lowell, commonly called "the pond."

Many names were submitted and it will be seen from the list below that each name suggested showed thoughtful reasoning.

It should be borne in mind that when the judges meet to decide by vote as to the most appropriate name from among those submitted, they will be unable to agree and will hold another meeting in the near future, when it is hoped a decision will be reached.

The judges are V. E. Ashley, R. E. Springett, W. V. Gumsier, Mrs. N. E. Borgerson and Mrs. Allen Bennett. When the name is decided upon the next procedure will be to present the matter before the Kent County Board of Supervisors for recommendation to the Michigan Society on Geographical Names.

It should be borne in mind that a lake is a lake, whether natural or artificial, and to change the name from "pond" to "lake" with a fitting name provides another opportunity for Lowell to arouse additional interest in another of its natural resources.

The Kent County Road Commission has already made a good start in establishing picnic grounds on the bluff at the south end of the lake, where tables, seats and cooking facilities have been placed in the grove there.

This is a delightful picnic spot, cool and scenic. This body of water has good bass and bluegill fishing and a few of the 70,000 walleye fingerlings were planted there by local sportsmen.

The Names Submitted In the names submitted for the body of water in question we find that men prominent in earlier days have been suggested, the

first trader and trapper has been thought of and the name of a noted Indian Chief, prominent in this section, has been recalled. The name Lowell has also been used, sometimes with unique versions. One version of the word Lowell comes from a Ledger reader in England. Here are the names suggested:

E Waba Yek, water with supernatural power, Lake Ahoy, Slender Lake, Loch Lady, Eden, Lac Adam, Lac La Belle, Larry, Flow, Drowsy Waters, Shadow Lake, Lake Ampere, Elfin Lake, Pixey Pond, Arc Lake, Bent Bow, Archer Lake, Lake Lowella, Lake Conlow, Sunset Lake, Lake McMa-ho, Flat Lake, Scenic Beauty Lake, The Pond, Sunset View, Lake Wallace, Lake Lucida, Rod and Gun Lake, Placid Lake, Hooker Lake, Pon Lac, Lake Low Echo, Lake Aloha, Lake Gambolier, Couzen's Lake, King and Quick Lake, Silver Lake, McDaniel Lake, Moyer Lake, Lowell Lake, Low(ell)water, Pioneer Lake, Roosevelt Lake, Lake Lowell, Sunset Lake, Fisherman's Lake, Satellite Lake, Echo Lake, Sunset Lake, Power Lake, Lake Marsac, Rainbow Lake, Lake Francis, Laughing Waters, Bluegill Waters, Guncub Waters, Lake of Glory, George Washington Lake, Lake Lowell, Lake Lovellene, Canteen Lake, Vergennes Lake, Timber Lunt, Seinfeld Park Lake, King Lake, Cob-Moo-sa Lake, Lake Marsac, Cob-Moo-sa-Waters.

Dance at City Hall The Eddie Reynolds orchestra announces that dances will be given at the City Hall, Lowell, on the evenings of August 3, 4 and 5.

Michigan Leads In New Federal Co-Op. Loans

Michigan leads the four states of the seventh Federal Land Bank district in amount loaned to co-operatives during June by the Farm Credit Administration.

The total of new loans to various co-operatives during the month amounted to \$10,986, according to figures based on the June report of the Farm Credit Administration. Total loans outstanding on June 30 in this district, which includes Michigan, Wisconsin, Minnesota and North Dakota, amounted to \$4,828,755.99.

These loans are shared by 17 different organizations of producers covering such staple products as potatoes, wheat, butter, cheese and other dairy products, cherries, grapes and other fruits, tobacco and poultry.

Of the \$10,986 in new loans, Michigan obtained \$8,986, bringing this state's total outstanding cooperative debt to the Farm Credit Administration as of June 30 up to \$261,287.60.

Although no new loans were made in Michigan last month, the June report of the Farm Credit Administration shows that the state has \$2,961,858 outstanding loans, next to \$1,378,181.23 in North Dakota and \$1,227,429.16 in Wisconsin.

These loans are made from the revolving fund of the Agricultural Marketing Act. New loans for the entire United States during the month of June by the Farm Credit Administration totaled \$2,404,238, and repayments to the fund by co-operatives for the same period amounted to \$2,411,647.06, leaving a balance outstanding on that date of \$181,588,835.56.

New County Maps Are Available Free The Kent county road commission has just had printed a new map of the county, showing all of the state and federal trunkline highways, county roads and township roads which have been taken over by the county system.

In addition, all of the lakes and streams are shown. Copies of the map may be had free of charge at The Ledger office, county clerk's office or at the road commission's office.

Many of those in this community desiring motor car license plates may be interested to know that they can obtain same at Belting at the office of the Banner-News. Those in the habit of going to Grand Rapids to get their plates have sometimes found it rather tiresome standing in line awaiting their turn. There will be no tiresome waits at Belting and the Banner-News office is open every day and evening for the accommodation of those desiring plates.

ICE CREAM SOCIAL The members of the Congregational church are preparing plans for an ice cream social to be held in West Side Park on Friday, August 11, at 7:30 p. m. Everybody prepare to attend. There will be some unique features the committee are preparing for the entertainment.

Unexcelled Trip To World's Fair

As a matter of service to its readers The Ledger has made arrangements to offer them a personally conducted 6-day trip to the World's Fair via the True Blue Coach Line, L. B. Van Antwerp, superintendent of Saranac High School, who will personally conduct the trip and look after every detail of your comfort.

Besides the transportation from Lowell to Chicago and back home again, you will receive all meals from the time you leave until you return, and a pleasant room with bath and comfortable bed in a first-class hotel situated on the shores of Lake Michigan, where cool breezes aid in giving you a refreshing night's rest, transportation to and from the fair daily.

In addition to seeing the Century of Progress the trip will include at no additional cost a conducted tour through Marshall Field & Co., the largest retail store in the world, and to the N. B. C. studios on top of that building; a visit to the famous Field Museum, and to Shedd's aquarium. Just think of it—all for only \$30.

It will be well worth your while to go to the World's Fair via the True Blue Coach Line, August 21 to 26, inclusive.

Upwards of 25 people from Lowell, Saranac and Hastings made this trip last week and there wasn't a person in the party, young or old, but what came home full of words of praise for the manner in which the trip had been conducted the entire six days.

We go to a World's Fair but once in a lifetime and when we do go we want to go right. This is a day, personally-conducted, all-expense, no worry way is the right way.

If you or your friends are interested, we suggest that you make reservations at once. For further information see Mr. Van Antwerp at Saranac or call at the Ledger office.

Wheat Cut Brings Millions to State

Michigan Farmers Given Chance to Stabilize Wheat Crop By Accepting Federal Plan

Benefit payments for wheat acreage reduction in Michigan amounting to \$2,500,000 a year are dependent upon the full cooperation of State farmers with the federal plan for wheat adjustment, according to B. W. Albin and H. W. Gilbertson, U. S. Dept. of Agriculture, who talked to Michigan county agricultural agents at Kalamazoo and at Flint.

The average Michigan annual production of 15,000,000 bushels of wheat would qualify the growers for the huge sum but this amount will be reduced proportionately by the number of farmers who prefer to play a lone hand in the wheat game rather than to cooperate with their neighbors.

The members of the U. S. Department of Agriculture explained that the purpose of the federal plan is to bring the price of wheat to a point where it has

the same purchasing power as it had in 1914. This is to be done by making it profitable for wheat growers to reduce their wheat acreage so that plenty is raised for domestic consumption but no burdensome surplus is produced to depress the price of wheat sold.

Mr. Gilbertson stated that the increase in wheat prices to farmers would result in benefits to all classes of industry as the added purchasing power of farmers would be reflected in calls for more manufactured goods and for increased pay rolls in factories.

County agricultural agents and Smith-Hughes High School teachers will address local meetings in their counties to explain how the allotment plan operates. Committees to administer the plan in Michigan counties will be selected by farmers following the local meetings.

Flower Show To Surpass All

Garden Lore Club Reports Entries Pouring In--Rules, Regulations and List of Prizes--City Hall, Aug. 3, 4 and 5

Flower and garden lovers of this community are manifesting much interest in the Annual Flower Show, of the Lowell Garden Lore Club, which will be held in the City Hall, Lowell, on the afternoons and evenings of Thursday, Friday and Saturday, Aug. 3, 4 and 5.

Members of the Lowell club put forth great efforts for the success of this annual undertaking which each year draws attention and interest from an increasing circle of garden lovers.

The entries embrace every flower and shrub native to this section of Michigan and the manner of display and arrangement at the show is a feature in itself well worth seeing. Lowell Garden Lore members hope for a big attendance this year from those interested. All are invited to make entries. Potted plants and shrubs must be entered by Aug. 2. Cut flowers by 10 a. m. Aug. 3.

Exhibits of miniature rock gardens, pools, etc., will be welcome. Liberal prizes are offered for all entries and no admission fee is charged to the flower show. Entries of the more extensive exhibits should be installed by Wednesday night, Aug. 2.

Tea will be poured and a program of entertainment given each afternoon. For the convenience of many visitors the flower show is given on the same evenings of the Lowell Showboat production.

Rules Adopted by Committee Please cut out this schedule and rules and be prepared to enter your exhibit in proper class, as the schedule committee will have a great many exhibits coming in. Let's help them by being prepared when we enter ours.

Now We're Told Feed Not Exempt From Sales Tax

The new sales tax is causing more headaches than any other legislation ever put on Michigan statute books. Last week's announcement came out of Lansing that feeds and farm equipment were exempt from the tax. This week we are told by J. P. Moran, director of the tax administrative board, that—

"We never issued any such ruling and I don't know where it originated," Moran said. "If farm organizations can show us they are entitled to the exemption in the light of the legislative resolution we may reverse ourselves."

Kroger Float First At Cherry Festival

The float entered by the Kroger Grocery & Baking Company won first place in the parade at the Traverse City Cherry Festival.

This was a fan-type float, with eight girls depicting the progress of the company from its inception in 1882 to the present day, 1933. Six of the girls wore costumes of the periods they represented while the two girls representing 1932 and 1933 wore sports clothes.

This float was forty-one feet long and twenty-three feet high. A trophy was awarded as the prize. Pictures will be taken of the float for the movies.

Odds and Ends

Here and There

Pithy Points Picked Up and Pally Put By Our Peripatetic Pencil Pusher

If it is only an empty tobacco can, carry something in the car to receive cigarette and cigar ashes and butts, the Conservation Department is urging vacationists who go to the northern part of the state. Careless smokers are causing half of Michigan's forest fires.

There's nothing monotonous about Michigan's weather. Sunday noon here thermometers hovered around the 100 mark. Monday night light frosts were reported in some local gardens.

At a meeting of the State Board of Pharmacy held at Lansing on Monday, M. N. Henry of Lowell, was honored by being chosen vice-president for the ensuing year. Earl Durham of Owosso, was chosen president. Some twenty years ago Earl Durham, fresh from a school of pharmacy, began his career as a druggist in Lowell in the employ of Mr. Henry.

Seldom in the state's history has any legislature, at its final adjournment session, enacted new legislation. Yet this was done by the 1933 legislature in adopting a bill providing that all delinquent 1932 taxes could be paid without penalty, interest or collection fees until November 1, 1933. The bill, which now awaits the governor's signature or veto, also provides that registers of deeds may accept for recording deeds or land contracts, bearing certificates from the auditor general or county treasurers, showing that 1932 or prior taxes are delinquent.

The constitutionality of at least two of the acts adopted by the 1933 legislature, is to be tested in court. In Wayne county, a suit has been started to determine the legality of the state retail sales tax. Another suit is threatened to determine whether or not the chain store license tax bill is in accord with the state institution. This act became effective after both house of representatives and senate had overridden the governor's veto. It provides that the individual or company owning a single store would not apply for a license or pay any tax. The total tax for two stores under the same ownership would be \$10, while the tax for 25 stores under one ownership would be \$2,570. For each store over 25, the annual tax under the new bill is \$250.

Mr. and Mrs. John D. Mapes, who came to Lowell recently from Washington, D. C., have been making extensive improvements to the property which they acquired at 418 Elm-st., opposite West Side park. Mr. Mapes, who had been in government service in connection with architecture of the national capital for the past 25 years, upon reaching time of retirement naturally returned to the place of his birth for his future home. Mr. Mapes was born in Lowell township in 1858, the son of Mr. and Mrs. F. C. Mapes who settled here in 1854, and who erected one of the first frame houses to be built in this section. A frame house was something out of the ordinary here 80 years ago, practically all of pioneer homes being of log construction. Mr. Mapes' father passed away in 1873 and his mother in 1886.

Lies On Track To End Her Life

Mrs. Vada Brennan, 45, daughter of Mr. and Mrs. J. E. Rockefeller, who live 1/2 mile east of Whitestown in Cascade township, was crushed to death Sunday evening by a Pere Marquette passenger train.

Mrs. Brennan, who had recently been released from a psychopathic hospital in Chicago, left an alarm clock, the hands of which indicated the time for the passage of the train, and a note beside the track. The train was not stopped because, either by design or coincidence, Mrs. Brennan had selected an upgrade curve to the left which made it impossible for the engineer to see the inside rail on which she was lying, according to trainmen.

Besides her parents, Mrs. Brennan leaves her husband, James, and a son, Jack, 15, both of Chicago. The body was removed to the Roth & Brezina chapel. Services are being held today (Thursday) at the Barker-Gustin funeral home in Chicago. Burial in Mt. Olivet cemetery, Chicago.

The people of this community extend their sincere sympathy to the bereaved family.

Taxpayers Are Exploited By Legislative Lobbyists

A great deal has been written, and said concerning the activities of lobbyists at Lansing and at all the other state capitals of the good old U. S. A., as well as at the national capital. Most of what has been published has been either grossly exaggerated or highly colored to suit the writer. In this chapter a discussion of what the lobby really consists, what its purposes are and how it works will be attempted. Incidentally this writer will attempt to give his own views concerning the evils of the lobby, its good points if any, and how the taxpayer is milked for the benefit of certain classes and cliques. Also it is extremely interesting to note how each of the scores of lobby interests play into the hands of others and how the taxpayer always pays the shot.

Lobbyists may be divided into three distinct classes. First, those maintained by large corporate interests mainly as observers to detect and head off, if possible, any contemplated legislation not in their interests. Second and the

most numerous, are those who hearstheir money, that group which seeks special privileges for its clients. Brewers on hand to write the beer bill; small loan companies on hand to prevent the repeal of the 42% interest rate law; gambling interests on hand to gain legal rights to race track betting with dog and horse devotees at odds—these and others of similar character are typical of class number two. Class three is represented by lobbyists of eminent respect, ability like the educational group,

the medical group, the social service group, the real estate developer, property owners associations and similar agencies which literally swarm about the capitol during legislative sessions.

Railroads Come Back The railroad interests for a long time in semi-retirement from the field of active lobbying, came very close to the point of jumping out of class number one over into the second class during the past session. Vested capital in railroad securities was ably aided by the members of the various railroad brotherhoods in their attempt to legislate the freight haulers and passenger buses off the highways. The activities of the railroad and truck lobbies became notorious before the session was a month old. The small loan lobby has already been aired and not much need be said in addition while the notorious lobbying in connection with dog racing bills is a stench to the nostrils of an honest citizenry.

There are many and devious ways of lobbying. There is the lobbyist, long experienced in legislative affairs, who is perhaps better posted on state affairs than any official at Lansing and who has at his command a staff of experts along many lines by whose efforts reliable information on any subject may be had quickly. These lobbyists would be extremely helpful if their interests were not so extremely selfish. It is by quiet helpfulness to the individual member in aiding him obtain desired information, to secure the passage of some pet measure, or in stopping the progress of some measure contrary to the best interests of the people of that member's district, that the astute lobbyist gets in his best

MILLIONS Lost every year by WINDSTORM

... Because the Property Owners Carried No Windstorm Insurance

Since 1885 This Big Windstorm Insurance Company Has Paid to Michigan Property Owners Almost... FOUR MILLION DOLLARS

for their losses by windstorm! For the past FIVE YEARS losses paid have averaged more than \$230,000 per year.

The cost for windstorm protection in this old company is so low no property owner can afford to be without adequate protection. Don't leave your property unprotected another day. The record of this company is unexcelled for prompt and equitable settlement of all just claims and low cost of protection for 48 years.

See one of our local agents at once, or write the home office.

OPERATOR STAYED AT 'POST TILL THE END

Cuban Girl's Heroic Sacrifice Saved Others From Disaster

When the town of Santa Cruz de Sur, Cuba, was wiped out by a hurricane some months ago, Rosa Torres Acosta, telephone operator, became the heroine of the disaster. The first warnings of the hurricane came through by telephone, and although she was informed that the waters of the sea were being blown inland and the town was threatened, she stuck to her post.

Calling one subscriber after another, she warned them to flee the endangered town.

And those warned did flee, with the exception of Senorita Acosta and her fiancé, who kept close to her side at the switchboard. Meanwhile, the waters came nearer and nearer. Finally they rolled over the town, wiping it out.

Several days later, the bodies of the telephone operator and her fiancé were found close together, along with those of hundreds of others who had been killed.

This was not the only instance of heroism in the telephone service at the time of the hurricane. Two sisters, Celis and Maria Urbay, operators at Nevitas, are credited with saving the lives of many persons at Puerto Tarafa by telephoning that town and warning them of the approaching hurricane. Throughout the storm they remained at their switchboard, although the roof and one wall of the exchange collapsed.

NOTICE, LEDGER READERS

Friends of The Ledger and Alto Solo having business in the Probate Court of Kent County will confer a favor on the publisher by requesting the court to order probate notices published in this paper. The Court will be glad to comply with the request when made. Respectfully,
