

FORTY-FIRST YEAR

NO. 43

DANGER AHEAD

THE PRESIDENT'S recent special message to Congress is very important, even vital to every citizen interested in his future welfare.

We quote no more. In the field of communication we devoutly hope there never will be a government agency charged with broad authority.

An unscrupulous President, a sincere but unintelligent one, a President controlled by greedy advisors, could easily establish himself a dictator over this country.

Some voices have already been raised in opposition to the potential dangers in this proposal of President Roosevelt. To them we add ours.

Car in Collision With Locomotive

William Heim and Roger McMahon narrowly escaped possible death at about 7:30 Monday evening when Mr. Heim's car, in which they were riding, crashed into the side of a Pere Marquette switch engine at the crossing on West Main-st.

The car was turned completely over and was badly wrecked. It was insured.

53 Votes Cast in Village Election

With but one ticket in the field, Monday's village election was a quiet affair, only 53 voters going to the polls.

MRS. DORA STRONG PASSES

Mrs. Dora Strong, 65, died on Monday at her farm home in Keene township, after a long illness.

J.W. BATCHELOR FOUND DEAD AT W. GIBBS HOME

AUTOPSY REVEALED FRACTURE OF THE SKULL—EXPOSURE A CONTRIBUTING CAUSE—DEAD FOR SEVERAL HOURS WHEN FOUND

Joel W. Batchelor, age 54, was found dead at about 7 o'clock last Monday morning in the hallway of the home occupied by William Gibbs, S. Hudson-ave.

When found, Batchelor's body was covered with a couple of blankets. There was a pool of blood near the body, quite frozen. The left eye was discolored as if from a blow.

The autopsy held a few hours later revealed a fracture of the skull. A physician who was called soon after the finding of the body expressed the opinion that the man had been dead several hours.

Harvey Roberts, who lives in the first house north of the Wm. Gibbs house where the body was found, told officers the next morning that he found Batchelor lying in the yard in front of the Gibbs house, that he dragged Batchelor into the hall, covered him with blankets and left him to sleep off a drunken stupor.

Coroner Simeon LeRoy conducted an autopsy at noon and the following findings were reported by the official as contributing to the cause of death: Fractured skull, cerebral hemorrhage, acute alcoholism, congestion of the lungs and exposure.

Following a splendid noonday luncheon, served by the local Rebekah ladies, President Burras introduced a most interesting program which included addresses by the visitors mentioned above.

STATE RODDED SALESMEN HERE FOR DIST. MEET

Men of prominence in the fire insurance world were present, including Mr. Earl H. Meyer of Indianapolis, Ind., where are located the head offices of the National Organization of Mutual Insurance Companies.

Following a splendid noonday luncheon, served by the local Rebekah ladies, President Burras introduced a most interesting program which included addresses by the visitors mentioned above.

Other features of the program included a cordial address of welcome by Mayor-elect John A. Arehart and the response by Secretary Fisk on behalf of the State Rodded Company.

The program was not at all lacking in entertainment features. Peter McLean, nationally known singer of Scotch songs and ballads, wearing the plaid of his clan, delighted his audience with a number of his selections; spirited community singing was led by Mr. W. W. Gumsier; the Reynolds orchestra throughout and following the luncheon rendered selections that brought forth appreciative applause.

Following the above program salesmen and officers entered into a discussion of matters pertinent to fire insurance and fire prevention, the theme of which was how to best serve the policy holder and the company.

Obituary Sketch Joel Willis Batchelor was born near Shelbyville, Allegan County, Mich., Sept. 14, 1879 and passed away in Lowell March 12, 1934.

Baird entered the ring for the first time in the series and encountered the stocky Mitchell who was winner in the novice class at the recent Detroit Golden Gloves tournament.

The Ionia County News says that "the winner showed a clever exhibition of neat footwork and a tantalizing left jab that kept Mitchell off for the first round. Mitchell, in the second, began to find the range and jolted Baird several times. In the third, Baird was content to tie up the hard hitting Mitchell with beautiful defensive tactics."

Baird's second and final appearance for the evening left no argument as to his superiority over Charles Hasman of Ionia. Hasman put up a good fight and knocked Baird plenty on two or three occasions, but the rangy Lowell had look the three rounds by a wide margin.

In the finals, L. J. Nummer of Lowell, who is in his first year of boxing, surprised everyone by winning over Bruce Allen, a veteran navy boxer, of Ionia, in the Bantam class.

Mrs. Bernice Bedell's division of the Greene Circle, an auxiliary of the M. E. church, held a delightful St. Patrick's day party at the church house Thursday evening, Mar. 8, which was attended by about fifty guests. After the business session conducted by the circle leader, Mrs. J. H. Rittenberg, a program followed: Vocal solo, "Ireland Must Be Heaven for My Mother Came From There," Barbara Sherwood, accompanied by Mrs. C. E. Kyser; "A Midwinter Night's Dream" was composed and read by Mrs. Lida Kyser; Piano solo, "Chimes in the Valley," Mrs. Frank MacTavish, who responded with an encore; Reading, "George's Great Plan," Sarah Bannan, who gave "Watch the Corners of Your Mouth" as an encore. "Hiring a Servant" was very well acted by Mesdames Bessie Kyser, Lida Kyser, Olive Bieri, Eva Cahoon and Johanna Kyser and Meri Bieri.  
The formal program closed with a song by little Miss Vivian Bieri, accompanied by Mrs. MacTavish. She also sang "He's the One I Love," which was most heartily applauded. Singing and a social hour was enjoyed which was followed by delicious refreshments of cakes and jello in white and green, and tea. The place cards prepared by Mrs. Bedell were green shamrock leaves.

**EIGHTH GRADE NEWS**

You have probably noticed a lot of eighth graders whistling all the time, and couldn't guess why. Well, I'll tell you; Spring vacation starts April 1. Hot dog!

Wednesday, in history class, we had a debate on slavery. There were five persons on each side. They included for the North, Dorothy Jean Goul, Ruth Houseman, Clarice Kaufman, Virginia Hosley and Marie Prager; for the South, Jane Seyforth, Beth Burdick, Warner Scott, Clifford Hoolesema and George Cook. The result was a tie. Some of the topics of the debate were: The North said that this country was a free country and all men were created equal. The South replied that the blacks who built this country, the whites, or whites, and if the whites did why couldn't they have what they wanted? Then the North talked about cruelty to the slaves, etc. The South replied it was propoganda and what would they do if men like John Brown came down and riled up their slaves to rise up and kill their masters? Other topics were: White slavery, sweat shops, paid to the slaves, religion and education.

We are also studying Lincoln's famous speech, "The Gettysburg Address." It is very interesting when you get right down to study certain phases of the speech. We are also studying the Civil war, or as one book calls it "The National Crisis," and until next time, Adios.

### White Seals Help Crippled Children

The Michigan Society for Crippled Children, in collaboration with the International Society, is about to launch an intensive campaign to further the work for crippled children.

The campaign will be in charge of County Committees throughout the State, and will be conducted during the two weeks preceding Easter. The purposes are to make everyone familiar with the problems incident to the care, treatment, education and placement of crippled children, as well as the prevention of crippling conditions, and to secure through the sale of Eastern White Cross Seals at one penny each, to as many people as possible, sufficient funds with which to carry on the work.

The cooperation of Judges of Probate, County Welfare Agents, County School Commissioners, Superintendents of Schools, members of Rotary and other service clubs, Parent-Teacher Associations, the American Legion, the King's Daughters, Women's clubs, school groups, church groups, Boy Scouts, Girl Scouts and other organizations is being invited, and a thorough educational campaign will be conducted.

The idea of breaking away from the old plan of securing comparatively few larger contributions and popularizing the movement by acquainting everybody with it is the outstanding thing in the campaign.

### Many Are Careless About P. O. Address

How many families in Michigan move each day without leaving a proper forwarding address at their old home?

While accurate statistics are impossible to secure, records of the title division of the Department of State indicate that from five to seven families out of each 1,000 families do this daily.

For the past few weeks, approximately 2,000 motor vehicle titles have been mailed out by the department each day. And from 10 to 15 titles are returned each day with the notation by postal authorities that the person to whom the envelope is addressed, cannot be located.

All titles returned by postal authorities unclaimed are held in a special file until the motorist writes in to the department, giving the new and correct address.
