

Everything In Readiness For The Lowell Ledger's Cooking School

McPherson's Name Is Entered For Governor

Lowell Man Tests Sentiment

Petitions for placing the name of Melville B. McPherson of Lowell on the Republican primary ballot as one of the party's candidates for the office of governor of Michigan, were submitted to the Michigan Department of State for approval as to form on Monday of this week. The petitions were filed by C. H. Runciman, well known Lowell elevator man, who was assured that the petitions were in legal form. Mr. Runciman was accompanied to Lansing by W. V. Burras, L. W. Rutherford, M. N. Henry and R. G. Jefferies.

Lowell Nine Wins Third Conf. Game

MELVILLE B. MCPHERSON

There is no doubt but that strong sentiment exists throughout Michigan for Mr. McPherson's entry in the race for the G. O. P. nomination for governor. Mr. McPherson has served on the Michigan State Tax Commission for several years and was its chairman until deposed by Governor Murphy a few months ago to make place for John N. Fegan, a former justice of the peace at Sault Ste. Marie. Mr. McPherson still remains on the Tax Commission as one of its members. In this work he has rendered intelligent, constructive service for the people of Michigan and it is recognized that he has had an influential part in making Michigan the great industrial state that it is today.

Will Sound Out Sentiment

Mr. McPherson said Monday night that he had not decided whether he would run for governor. He said that thousands of post-cards were being mailed to many sections of the state asking the recipients to list their preference for himself, Frank D. Fitzgerald and Harry S. Toy, two other candidates for the party's nomination.

Home Folks Proud

The home folks naturally take a justifiable pride in having one of their own citizens considered for the high office of governor and all know that if Mel McPherson should be nominated and elected that he is the kind of a man who will bring honor and distinction to the executive office. He is skillful and intelligent, knows how to get along with people and how to produce results. His past record as a tireless public official speaks for itself.

Poppy Day Falls on May 28

Soon Poppy Day will be here, May 28, and every man, woman and child will be wearing a poppy in honor of our World War dead. There are made by our veterans in the Veterans' hospital at Battle Creek, men who are incapable of working for a living, men who after twenty years or more are still suffering the ravages of a deplorable war. Don't forget to buy and wear your poppy—the money which is spent exclusively for child welfare and rehabilitation.

Tiny red blossoms, fragile and sweet Bloom for a day on highway and street. In memory of those who've passed on to rest, In honor of those who still do live in our hearts.

Only red poppies, yet much they tell Of unselfish service and duty done well. Tiny field flowers, made by hand, It is true, That bloom for one day in memory, anew.

Seek State Aid For Libraries of County

Miss Alice Vevia of Grand Rapids, a member of the recently appointed State Library Board, spoke before a meeting of the Kent County Library Association at the Krauss Memorial Library in Rockford. Miss Vevia informed the group that the policy of the Board was very liberal in their interpretation of the law providing state funds for the assistance of libraries in the state.

At a previous meeting committees were appointed to study the law and work on plans for making the County Library Association eligible for State Aid. Reports from these committees were made by Mrs. Maud Weaver, Cedar Springs; Mrs. A. K. Krauss of Rockford; and Mrs. Fred Searle of Grand Rapids.

Home-Makers to be Welcomed At Strand Theatre Three Days Starting Next Tuesday, May 10

Lock the doors and come to town! The Lowell Ledger's Motion Picture Cooking School entitled "Star in My Kitchen" will be the real community attraction for three days at the Strand Theatre starting next Tuesday, May 10.

This fascinating and different cooking school is open entirely free to every woman for 20 miles around, and The Ledger as well as Lowell merchants, extends this last invitation to join in the home-making lessons and jolly entertainment for at least one of the three days.

The Motion Picture Cooking School will be a practical rally of home-makers to contribute fresh perspective for the same old job. The program is an ambitious day-in-and-day-out job, yet the most important part of the world. Just as men have their annual conventions where they listen to lectures from specialists, local women will have their convention to consider home-making problems.

Just as fresh inspiration for the job is one of the by-products of the familiar cooking school, which presents a lecturer in a model kitchen, so are new ideas and keen incentive born in the film class for home-makers, with its novel approach and modern setting.

No "false-front" camera-beautiful kitchens satisfied these specialists. They insisted on working in complete compact, modern kitchens, which actually reflect modern scientific ingenuity and careful planning than any living room.

Recognizing the demands of home experts, the producers of "Star in My Kitchen" signed all-star kitchens, with an all-star cast, necessary to screen stories was a deliberate plan—an ambitious determination to carry instruction, inspiration, and worthwhile home news to women in every community.

The camera took its time and it took its close-ups, so that every person in the Strand theater will have a "large life, and twice as natural" of each operation. There will be no "orchestra circles" at this entertainment, since the back row guests of the Ledger will have an equal chance to peer into the busy mixing bowl, watching the deft steps of measuring, creaming, sifting, and thorough mixing, not overlooking the final work of baking, roasting, Frenching, or freezing.

For this is no half-hearted demonstration. Each delicious dish will be completed and shown with a flourish.

Speakers at the luncheon were Dr. Charles H. Frantz and Dr. W. M. German, both speakers being members of the Blodgett hospital staff. Dr. Frantz spoke of the strides made in infantile surgery resulting in the saving of many children for useful economic life while Dr. German told of the intricate steps taken in making positive diagnosis in typhoid fever. Their talks were illustrated by motion pictures in full color. The speakers were introduced by the club president, Dr. E. H. Shepard. Upwards of twenty-five guests were present from the community and various sections of Michigan.

Government is a whole lot like digestion, when it's functioning properly you are least aware of it.

Mistress—I see a spider web in the corner, Mary. To what do you attribute that? Maid—To a spider, ma'am.

And suppose the theatres stopped the show every few minutes to talk about acidity, mouth wash, or auto parts.

SPORT ANKLETS FOR MEN More popular than ever are these new hose with the Laxest tops. New arrivals are very attractive, with double soles and re-inforced with a special selling at 25c; 5 pairs \$1.00. Coons.

Mrs. J. L. Godfrey Laid to Rest at 81

Madora (Colburn) Godfrey was born in Norange, Oxford Co., Canada. At the age of nine years she came with her parents to Michigan settling in Bowne township.

October 24, 1878 she was united in marriage to Joseph L. Godfrey of Bowne Center who preceded her in death April 16, 1928. To this union were born five children: Jay, Belle, Glenn, Earl and Velma. Two, Glenn and Velma, survive.

She had lived at her home at Bowne Center a period of 60 years with the exception of spending four winters with her daughter Velma of Flint.

She was an active member of M. E. church and Aid Society of Bowne Center until her health prevented about 5 years ago. The last 7 months she was bed ridden and nearly blind at her home, her son Glenn and wife caring for her, who have been with her on the farm the last 7 years.

She was a patient sufferer, a loving mother and was always ready to do for anyone in need.

She leaves to mourn their loss Glenn at home and Velma Olmstead of Flint; her grandchildren, Helen Harris and Earl Olmstead of Flint and Jean Godfrey of Bowne; a brother, Ed. Colburn of La Barge besides other relatives and friends. She passed away at her home April 27, 1938 at 2:30 p. m., at the age of 81 years, 25 days. Funeral services were held Saturday, April 30 at the home at 1:30 p. m. and 2:00 p. m. at Bowne Center Church, Rev. F. S. Kinney officiating. Interment in Bowne Center Cemetery.

Call Goes Out To Softball Players The call went out this week for softball players to register for the summer playing. As during the past few years games will be conducted in the evenings at Recreation Park. The local teams will play any outside teams that may register.

A registration fee of 25c will be charged to cover the cost of equipment and all interested are asked to sign up with Red Holland at Stal's Lunch room or with E. Kell at the Palace Cleaners before May 15. Older fellows as well as younger ones are asked to come out for a summer of good wholesome sport.

Outside teams who are interested in playing Lowell teams are asked to register with Mr. Kell.

Buyers Cautioned On Used Car Titles Officials of the department of state caution purchasers of used cars, the titles of which bear liens on their faces, to secure discharges of liens from dealers, for their protection.

It is pointed out that while original purchase liens on new cars are noted on the faces of titles, proof of discharge of liens is limited to original owners' statements to dealers when they assign titles. A dealer may, in good faith, sign the title when selling the car, indicating that no liens are against it. A first mortgage, however, may recover the car if the original lien has never been discharged. While it is true that the subsequent purchaser may have recourse to the dealer for his representation as to the absence of liens, there is no remedy if the dealer has in the meantime gone out of business, instances of which have occurred.

COUNTY HAS FIRST PARATYPHOID CASE Dr. J. D. Brook, Kent county health officer, reported Monday the first case of paratyphoid in rural Kent county. The patient, Mrs. Bertha Lautenschlager, 42, of Sparta, is recovering in St. Mary's hospital.

Dr. Brook described the disease as a rare malady that is communicated by germ carriers. The effects are similar to typhoid but the germ is entirely different.

Lowell Merchants Score Again; Back New Ball Team

Lowell has an enviable reputation for the success of its many civic enterprises. Not the least important factor in the attainment of this reputation is the wholehearted spirit of cooperation demonstrated by our local merchants, whenever their support is solicited for any community project.

During the past few weeks, local business and professional men have been making plans for an independent baseball team. At a recent meeting, the following officers were appointed: Theron Richmond, chairman; Claude Thorne, treasurer; C. K. Mackey, secretary; James Topp, Manager. The Board of Directors consists of the above named officers and the following: "Lowell Merchants" and with the sponsoring group as an example, the 1938 season is bound to be a winning one.

Suits for the new team have already been ordered. It is expected that most of the games will be played with teams from neighboring towns.

All ball players interested in joining the team are invited to report for practice at Recreation Park Friday evening and Sunday afternoon.

Mr. Cudney told Deputy Frank Stephens that he had retired about 12 o'clock and was awakened around three o'clock by suffocating smoke and discovered the fire which had already gained considerable headway.

It was thought at first that Mr. Cudney had perished in the blazing house but he was later located in a group of spectators. Mr. Cudney lives alone. It is reported that there had been no fire in the house during the day and that Mr. Cudney was unable to understand how the fire originated. Mr. Cudney said he carried no insurance on the house or contents.

Mr. Cudney's dog refused to leave the burning building and perished in the flames.

The house was one of the landmarks of that section.

Rural Schools Well Represented At Meeting Here

Transportation The Chief Topic

In excess of 40 rural school board members attended the meeting in the new school auditorium Tuesday evening to discuss problems of mutual interest to the Lowell Board of Education and the school boards of those districts from which pupils are attending Lowell schools.

Dorr Stack and Wesley Beadle from the Department of Public Instruction were present and participated in the discussion. C. H. Runciman acted as chairman of the meeting and called upon John Kleinheksel, new head of the Department of Agriculture and Supt. W. W. Gummer to make a few remarks. A. F. Zwemer showed the film, "Our Schools in Action," which was a compilation of moving pictures taken by himself and members of the Camera Club. This feature was a surprise to all.

Has Narrow Escape From Burning Home

The seven room farm home of Abe Cudney, located about three miles southeast of Lowell, was completely destroyed by fire early Sunday morning.

Mr. Cudney told Deputy Frank Stephens that he had retired about 12 o'clock and was awakened around three o'clock by suffocating smoke and discovered the fire which had already gained considerable headway.

It was thought at first that Mr. Cudney had perished in the blazing house but he was later located in a group of spectators. Mr. Cudney lives alone. A SOUND DOCTRINE

Every governmental official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent. We hold this to be a fundamental principle of domestic government.

Michigan Mirror

By GENE ALLEMAN, Michigan Press Association

Lansing, Monday, May 2.—(Liberal) done of 1933 economic year being held to Michigan citizens this spring. It is a giddy whirl!

First Senator Vandenberg goes on the air in routing denunciation of Roosevelt's new pump priming campaign.

Second Gov. Murphy speaks on a liberal public spending as being the best cure for depression sickness with a reservation as to the effect that congress should also remove unreasonable handicaps to business.

The liberal spending policy of government has been the cause of the 1933 depression in Michigan. Murphy defends as being caused only by the present depression. Yet while more state institutions are being authorized for public relief, Budget Director Harney says that Michigan is already on the verge of a depression.

According to reports from Detroit, Lewis himself is not in sympathy with the extreme demands of the new fiscal year budgeting may 7. The mean less spending, not more, at Lansing.

Additional Taxes: The governor has always insisted that public spending must be done with a balanced budget. At the legislative council session here last week he declared that additional taxes would be necessary until the relief burden was reduced in the next future.

Thus we have a prospect of more state and local taxes for 1934. Greater expenditures inevitably necessitate a greater tax load. Someone has to pay the piper, and it's usually the man back home.

Will the state set an example by cutting its spending? The 1933 situation in Michigan is interesting and contradictory.

Annual Wage Hike: As we pointed out in this column a month ago, the annual wage proposals appear to be an economic trap to Michigan automobile workers.

It's a right for the Normal metal packing company in Minnesota, because regardless of prosperity or depression, it still has to eat. But the experience of the last depression taught us that people don't have to buy new automobiles. When times are hard, they delay the purchase of new furniture, new automobiles, and so on.

At the White House the other day, Henry Ford blurted out that he was planning to inaugurate an annual wage for workers in his River Rouge industrial plant. He informed Roosevelt, so Detroit reports were informed, that the law of supply and demand still prevails. For that reason he said it was "silly" to talk about fixed production, fixed wages, and other arbitrary floors and ceilings in the automobile industry.

But don't be surprised if you hear of a "monthly wage." It is being studied as a feasible step, if only a modest one, towards the desired goal of increasing the worker's security.

Profit Sharing: Of interest to Michigan citizens because industrial payrolls here have slumped 41 per cent within 12 months—the greatest decline in any state in the nation—is the effort by Senator Vandenberg at Washington to get a new \$20,000,000 appropriation for a federal survey of profit sharing systems for factory workers.

Gar Wood, famous sportsman, is introducing the idea of profit sharing to Michigan plants. Twenty per cent of declared dividends will be set aside for profit sharing among his employees. Wages are not being cut.

Furthermore, Wood is cutting his own salary 50 per cent. Gar Wood is making his co-workers "dividend conscious" and that means just this—they are getting a share.

DISCRETION IS THE BETTER PART OF VIRTUE.

Success in business comes to those who study closely the needs of the people, and make the most intelligent effort to supply those needs. The salesperson and dealer who do this are going to be the most popular in their line.

The Royal Bride Quilt Club held their April meeting last Thursday at the home of Mrs. J. W. Taylor. This was an all day meeting with a picnic party held at noon. A potluck dinner served at noon. A number of cards were made and enjoyed the meeting. Mrs. Mat Lamburne was taken in as a new member of the club. Mrs. Will McCormick will entertain the club at their next meeting.

### Odds and Ends Here and There

Brief Paragraphs of News and Information on a Variety of Topics

Continuity continues between Sec. J. Edgar Hoover and the Federal Bureau of Investigation, for handling of the funds Congress is expected to appropriate for public works.

The Berrien Springs-Eau Claire road was completely blocked for a time recently when a large section of a hill broke loose and sent 1,500 tons of rocks down the hill.

A doe deer, full grown, walked into Baldwin on Monday night and was shot by a hunter. The doe was taken to the main street and placed occasionally, perhaps to do a bit of "window-shopping."

While raising the remains of a partially burned house at Romeo, workers discovered a copy of a newspaper dated in 1858. The name of the paper was "The Daily Advocate," but it could not be located where it was published.

When the Charlotte fire department was called to a roof fire on Saturday a short time ago, it turned out to be the first of a series of four. There was a roof fire on the following Monday and Tuesday and they are now being repaired.

### Great Forests Made to Grow On Light Soil

New Values Proven in 'Useless' Lands

Michigan is a state particularly rich in resources—according to Ad. Th. W. Stace, conservation expert, who points out that Michigan once was rich in timber and now is rich in minerals, rich in usable and pleasurable waters, rich in agricultural soils, rich even in abandoned, exploited, neglected lands of the north. He further pointed out: "There are fertile areas enough and more—some 100,000 of them— to feed abundantly the whole population of Michigan. There are 200,000 acres of non-agricultural land mostly north of the Saginaw-Muskegon line that will not grow food crops but that will grow and are growing fresh resources of timber, wildflowers, and opportunities for recreation, such as hunting, camping, beautiful outings."

These resources are assets of the state for growing recreational industries—an industry already more important, by far, than its agricultural industry. More important, by far, than its once dominant lumbering industry.

Resources Not Recognized  
These resources, present and potential, are not recognized in the old lumbering and post-lumbering days. They were left by the careless and the careless. They were left by the careless and the careless. They were left by the careless and the careless.

### Michigan Has Most Traces Of Ice Age

Grand-r. Has Most Interesting History

Michigan has more footprints of the great ice age than has any other state in the union. Grand Rapids itself is built upon the remains of two separate glacial movements that interlocked in western Michigan. Prof. Standard G. Bergquist, head of applied science department of Michigan State University, said in a talk before the 33rd annual conference on children's reading held recently in Grand Rapids. He said that 23,000 years ago, Bergquist said and as recently as 10,000 years ago the ice sheet which was still was glacial-borne. It was in this region that the ice sheet was the most of the oldest rock formations on earth are to be found. That is, the ice sheet was 10,000 to 15,000 feet high, having long since been scoured down by tremendous waves of water. The ice sheet was 10,000 to 15,000 feet high, having long since been scoured down by tremendous waves of water. ### M. E. Church Notes

Sixteen members of the Forum of the home of Mr. and Mrs. Rabbers on Jefferson Ave. Grand Rapids, for a cooperative dinner. Following the dinner the evening was spent in singing, after which Rev. P. J. Kinney delivered a message in Religion. This was followed by a general discussion of the theme Mr. Kinney brought out, namely: that in the twentieth century the democratic pattern ought to prevail over the theocratic pattern in religion; that the finest character qualities be cultivated and activated in the life of the individual; by positive action on his part rather than the passive qualities to miraculously be endowed from outside sources.

Please do not forget the Young People's Rally to be held, evening of May 6. A cooperative dinner will be served at 7:30, followed by a program featuring Major Hubbel of the Volunteer's Army and the Grand Rapids. The rally will be held at the home of Mrs. J. W. Taylor. The dinner will be served in the church dining room.

Rev. F. L. Kinney will speak on "The Christian's Responsibility" next Sunday at the morning worship period.

Next Sunday, L. Kinney attended the meeting of the Women's Home Missionary Society on Ionia last Thursday as a speaker.

The Goodwill Service plans on holding a Mother-Daughter banquet during May.

### Inter-Religious Relations

Mrs. Lizzie Mattin opened her eyes for the annual meeting of the Ada Ladies Literary Club held on Thursday afternoon with several members present and many guests.

Mrs. May Avell, president, presided at the business meeting. Reports of committees were read and election officers held. Mrs. D. W. Day was elected president for the coming club year and Mrs. Grace Wheeler, vice president. Mrs. Hattie Fitch was re-elected secretary and treasurer.

Mrs. Avell then passed the gavel to the newly elected president, Mrs. May Avell, who named her committees for the year as follows: Mrs. Myrtle Nettie, chairman of the year book committee; Mrs. Claire Lambert and Mrs. Lena Cranton, and Mrs. Lillian with Mrs. Myrtle Nettie, chairman of the year book committee; Mrs. Claire Lambert and Mrs. Lena Cranton, and Mrs. Lillian with Mrs. Myrtle Nettie, chairman of the year book committee.

**Celebrate 30th Anniversary**

Mr. and Mrs. Don L. Phillips were greatly surprised last Friday evening when upon arriving home, they found that ten couples had taken possession of their home and all were having a good time playing cards. The occasion was in honor of the thirtieth wedding anniversary of Mr. and Mrs. Phillips. They have lived in Lowell 29 years of their married life. The group enjoyed baskets of food brought by the guests and all departed at a late hour wishing Don and Hattie twenty more years of married life together, stating that they would then come to help celebrate their golden anniversary.

**Miriam Young Man Marries Parnell Girl**

On Tuesday morning at an eight o'clock nuptial mass in St. Patrick's church at Parnell, Miss Irene Finn, daughter of Mr. and Mrs. Edward Finn of Parnell, became the bride of Harold Theodore Albertson of Miriam. The ceremony was celebrated before the altar, which was banked with Easter lilies. Rev. Fr. J. W. McNeill officiating.

Miss Louise Finn, a sister of the bride, acted as bridesmaid and Leo Albert assisted his brother as best man.

The bride was lovely in her becoming gown of white satin and her tulle veil, which was fashioned into a cap. Her flowers were gardenias and white roses. Her attendant wore a charming floor-length dress of pink satin and carried a bouquet of pink rosebuds. A niece of the bride, little Miss Mary Louise Zahn, daughter of Mr. and Mrs. Fred Zahn of Marne, completed the wedding party as flower girl. She wore a dainty outfit of cream satin with a cream bow atop her long curls.

Following the wedding, the bridal party and members of the immediate families were entertained at a breakfast at the home of the bride's parents. A reception for the young couple was held in the evening at the home of the groom's parents at Miriam. The affair was attended by over 200 guests.

After their return from a wedding trip through Ohio and Kentucky, Mr. and Mrs. Albert will be at home to their many friends on a farm south of Belding, formerly known as the Michael Kemp farm.

**Segwun Community Club**

Segwun Community Club entertained Friday with pot luck supper, a speech and a show in the South Ward school building.

The speech was made by Lowell's first citizen, C. H. Runciman, following community singing. Mr. Runciman, who has headed the Board of Education of Lowell Graded School District No. 1, as president for more than ten years and has served on that board for some nineteen years besides, having taught in public schools in earlier life is naturally somewhat school-minded. He has a wealth of material gained from experience in educational lines and the business world to draw upon for speech making.

His talk at the south ward was one that would doubtless encourage young America to brave the vicissitudes and hazards of the courses in the three R's in our public schools, even though supplemented, perchance, by a course in sprouts at home or abroad, for he pictured the possibilities of attainment to place, prosperity and power in the intellectual and industrial world when one is willing to work hard and is faithful.

He brought to mind the fact that opportunity and great good lie all around us and that it is not necessary to run off to far parts of the world to find them.

The president of the school board spoke highly of students who, in the past have entered High School from south ward, doing excellent work and going to responsible positions in the world's activities. He recalled a certain meeting in the South Ward school house fourteen years ago and the loyalty of Segwun people to their school.

The meeting, by the way, will be recalled by many readers as something in the light of a volcanic eruption brought to a head by a covert effort to close the old South Ward.

Victor Middleton of the Middleton Drug Co., Grand Rapids, then put on a movie. There was a reel "Sinking of the Panay," one in color, "From Mackinaw to Quebec" and several funnies. There was no advertising with these films. Mr. Middleton gives a good lecture and a splendid show without one red cent of pay. True appreciation for his work was expressed by those he so kindly entertained.

**Woman's Club**

The Lowell Woman's Club held their spring luncheon Wednesday, April 27, at Eaton's Food Shop on Lake Drive, Grand Rapids. Fifty-four members and guests enjoyed the refined atmosphere, beautifully decorated tables and fine luncheon. There was no formal business, but the group went from Eaton's to the Grand Rapids Furniture Museum where Mr. Spencer and his able assistants conducted them through the museum which afforded two hours of very interesting and instructive entertainment.

The committee for the day were the president, Mrs. W. W. Gummer, assisted by Mrs. B. Quick, Mrs. J. Taylor and Mrs. C. Doyle, with help and suggestions of many interested club members.

On Thursday, April 28, Mrs. M. E. McPherson, Mrs. R. G. Jeffries and Mrs. Gummer attended the county federation, spring meeting at Caledonia. At this meeting Mrs. McPherson and Mrs. Jeffries acted on the nominating committee for the new officers. Reports of the club presidents and the department chairmen were given; an informal review of the activities and programs of the State Federation meeting at Detroit was given by various club members who had attended, followed by a program of music and a very interesting illustrated talk on interior decorations by a Grand Rapids interior decorator.

The program committee for the coming year will plan their program as soon as club members have returned and the questionnaires sent out by their president.

**Obituary**

**Lois Eggleston Weyrick**

Lois Burnett was born April 26, 1863 on a farm a few miles from Lowell and passed away Monday, April 25 in Royal Oak, Michigan. Her parents, William and Almira Burnett, moved to Lowell when she was twelve. She attended high school and lived with her parents until 1892, when she married Fred W. Eggleston of Laramie, Wyo. To them was born one son, Willis.

After her husband's death in 1898, she returned to Lowell with her small son and resided with her mother and niece, Mina Eggleston. She and Mrs. Moffet Hiler were in the millinery business for several years.

In 1905, she and her mother moved to Ann Arbor to be with her niece, Mina, who was attending the University of Michigan. In 1908 Mrs. Burnett, moved to Lowell where she had operated a meat market in Lowell. After their marriage, they resided in Detroit and Royal Oak until his death three years ago. Since then she had made her home with her niece, Mina Eggleston Land.

She leaves her son Willis, a dentist in Royal Oak and three grandchildren, Willis, Jr., Elizabeth and Steven.

A short funeral service was held at the F. F. Coons home Wednesday afternoon, April 27, at 2:30. Burial was in Oakwood cemetery.

**BIRTHS**

Mr. and Mrs. T. G. Trocke of Detroit announce the birth of a 7 lb. son on April 29. Mrs. Trocke will be remembered as Letha O'Harrow of Lowell and South Lowell and was a graduate of Lowell high school.

To Mr. and Mrs. Melbourne Hartley, a 10 1/2 lb. son, Steven James, on Tuesday, April 26.

A daughter to Dr. and Mrs. Emil Roth, Grand Rapids.

**Why Sneezers Spread Disease**  
Sneezing is one of the most certain methods of spreading disease, state some scientists. When you sneeze you expel tiny drops of liquid into the air, and though they quickly evaporate, they leave germ-laden particles still floating in the atmosphere. If you have influenza, these particles, full of influenza virus, remain alive for half an hour, and can infect any other person breathing the same air.
