what were good to do, chapels had cottages princes' palaces.-Shakes

I AM ONE of 24,000 Michigan Bell employees. In 1947 we had more facilities and equipment to work with. We added new wire, cable and central office equipment at record speed. And by the end of the year we were putting telephones in at the rate of over 1,500 a day. Last year, 1,900 more telephone jobs were created, which meant up-from-the-ranks promotions for many of us. Wages were higher. There were nearly three times as many of us as ten years ago, and our payroll was nearly four times as high. One out of every eleven of us received payments for illness or injury under the company's Benefit Plan and 7,400 of us were buying A. T. & T. stock under a payroll deduc-

# Which were you in 1947?

<sup>66</sup>I AM ONE of 1,200,000 Michigan Bell customers. In 1947 we bought more telephone service than ever before. And the rates we paid were the same or lower than they were ten years ago. We made 10% more local calls and 8% more long distance calls than in 1946. We got better, faster service. By the end of the year there were 133,000 more Bell telephones in Michigan that we could call. So our own telephones became more valuable to us-and will become even more valuable when the thousands who are waiting for telephones get them."

AM ONE of more than 730,000 people whose savings, invested in Bell System securities, provide money for building the telephone system. That makes me an investor in Michigan Bell. Millions of others have invested in the telephone business indirectly through their savings accounts or insurance policies with institutions owning Bell securities. Although Michigan Bell took in 6% more money than in 1946, the cost of providing service rose 13%. And Michigan Bell earned only 3 8/10c last year on each of our dollars invested in the business. This is less than a fair return and offers us little incentive for investing additional money needed to expand and improve service. So it's a good thing Michigan Bell has asked for an increase in telephone rates to assure us a fair return."

LOOKING AHEAD: Michigan Bell fully expects to supply a continually improving service to the public...good jobs for thousands of employees, with plenty of opportunity for advancement in a growing business . . . and a reasonable return to those whose savings are invested in the business,

The many friends of Mr. Harold Nye were shocked and saddened to hear of his death at his home in Alto at 4 o'clock Monday morning, April 5, 1948.

Mr. Nye was born May 5, 1873 at Belfast, N. Y., the son of Rev. and Mrs. Prank Houghton at Belfast, N. Y., the son of Rev. and Mrs. Prank Bunker and Mrs. Frank Bunker and had two years at veterinary college. Forty-five years of his life were spent as a leading druggrist in Grand Rapids. He left Grand Rapids. He left Grand Rapids in 1937, purchasing the Alto Drug store, where he faithfully served the public until his death Mr. Nye was known to all as a man of fine qualities and will be greatly missed in this community.

Mr. and Mrs. Roy Yarger of Hastings were week-end guests of Mr. and Mrs. Elmer Dintaman.

# THE WIDE OPEN SECRET

It's a wide open secret now that no other car at any price gives the kind of riding and driving quality that Dodge gives. This is proven with every new Dodge delivery, and the reason is no secret either. Dodge is the first car in history to give you the full combination of Floating Power, Full-Floating Ride, and All-Fluid-Drive. These, with new Super-Cushion tires, mean comfort and performance far beyond all limits of price.

Sell your scrap metal now.
