

THE LOWELL LEDGER

LEDGER ENTRIES

FIFTY-SIXTH YEAR

LOWELL, MICHIGAN, THURSDAY, MAY 20, 1948

NUMBER 3

160 Members in Board of Trade Names Listed Alphabetically For Quick Reference Check Your Name

Below will be found a list of the names of those who have joined the Board of Trade for the current fiscal year. If your name has been accidentally omitted, please notify the secretary, Harold F. Jefferies, at once. Members are still being received and you are invited to join.

L. B. Ayres, Keith Avery, Raymond Avery, Arthur Armstrong, Vern Armstrong, Lawrence Armstrong, Norton Avery, Alexander Bros., Vaughn Ardis.

Bernie Bedell, Carroll Burch, Floyd Boyce, C. A. Bradshaw, Jay Boyles, F. T. Buck, Edward Boyd, E. Borgerson, Cecil Bibbler, Bassett (Showboat Inn), J. R. Bergin.

F. F. Coons, David Coons, Wm. Christiansen, R. G. Chrouh, David Clark, Sr., David Clark, Jr., Melvin Clark, Victor Clemens, Robert Ca. Coon.

D. L. Dickerson, T. M. Doyle, Clarence Dolloway, Wm. Drier, Harry Day, King Doyle, Wm. Drier, H. J. Englehardt, Herbert Ellings, Elmer Ellis.

A. J. Fuller, E. C. Foreman, Milton Fuller, Jack Fonger, Carl Fryermuth, Frank Freeman.

W. W. Gurner, Arthur Gross, Newton Grimwood, Vern Good, Orlo Gwathkin, Fred Gramer (deceased), James Gee, George Goul.

Walter Hall, Carl Hagen, Wm. Hein, Melvin Hawley, Myron Henry, C. A. Hall, R. D. Hahn, Albert Hermans, Art Hill, Charles Hill, Charles Housman, Wm. Hartman, Frank Houghton, Seymour Heeshe, A. E. Howard, Jack Howe.

James Jelusa, R. G. Jefferies, Harold Jefferies, Orval Jessup, Gordon Johnson, L. E. Johnson, Anthony Kropf, Dell Kropf, G. C. Kent, Louis Kingsley, Geo. E. Kerr, Edward Kiel, Harold Kelley, Louis Krick, C. Koert.

Melvin Lewis, Wm. Lee, Edward Laux, Lee Lampkin, Christopher Leonard.

Charles Manning, Carl Mapes, Sterling Moore, Herbert Moore, Peter Mulder, Carl Munroe, Loyd Mullis.

F. J. McMahon, Bruce McMahon, Roger McDermid, D. A. McPherson, Edgar McMahon, Dyrne McMahon, I. W. McCall, B. A. McQuinn, Harold McKeage, Bert McNeely, Frank Meehan, Joe Novitsky, Dr. D. H. Oatley.

Carl Peters, George Pfalzer, Edward Reynolds, Gerald Rollins, C. H. Runciman, Carl Rhueas, Theron Richmond, Ralph Roth, W. A. Roth, Jerry Roth, H. J. Rittenger, John Roth.

Cary Stiff, Dr. B. H. Shepard, E. Springett, Grant Sherman, Elmer Schaefer, Carl Smith, Peter Speerstra, A. R. Smith, Frank L. Stephens, A. H. Stormzand, Vernon Sinclair, George Story.

G. E. Thompson, Ralph Townsend, Howard Tremell, Claude Thorne, Dan Treloren, Dr. K. K. Vining, K. K. Vining.

Lisle Waterson, John Winks, Otto Wisner, John Willis, Claude Williams, L. A. Weaver, Orson Weaver, Bruce Walter, Dr. F. E. White, D. A. Winglee, S. D. Winglee, Rev. Norman Woon, Horace Winks, Everett Wittenbach, H. J. York.

Memorial Day Monday, May 31

The Clark-Ellis Post of the American Legion is again sponsoring the Memorial Day exercises with the Veterans of Foreign Wars co-operating. By proclamation of state and national officials, the occasion will be observed on Monday, May 31, and the schools and business establishments will be closed.

There will be a parade as usual, and the program will be held at the cemetery with Rev. Norman G. Woon as speaker. Next week's Ledger will give a detailed account of the entire affair.

Fifteen Things We Didn't Know Before About Our Michigan

By Gene Ahlman, Secretary-Manager Michigan Press Association

Things we didn't know before department: Final draft of the state government reorganization amendment, sponsored by the Citizens' Committee for Better Government in Michigan, would give the legislature rather than the governor power to hire and fire department heads. Not more than 18 departments would be permitted.

Twenty-six states have a four-year term for governor, 21 a two-year term, and one (New Jersey) a three-year term. Michigan has had 33 governors, 20 of whom served for more than one term.

Prohibitionists have established more dry territory in this country than before prohibition. Waste corn cobs are being utilized to make nylon fibers. (Furball is produced by Quaker Oats Company from cobs; then used by Dupont to make nylon hose.)

"Boss" Kettering's new high compression motor, saving gasoline consumption 25 to 40 per cent, will get its first public show probably in 1949 Oldsmobiles and Cadillacs. The State Bar of Michigan, taking a cue from the enterprising State Medical Society, has adopted a public relations program, wooing Hugh B. Brennan away from the medical to head it.

Michigan was 18th in 1947 farm income with a total of \$719,494,000. Iowa led with \$2,298,982,000. Michigan Tourist Council reports that every dollar spent for national advertising brought \$126 in traceable tourist expenditures.

Beauty shop operators are said to be worried about today's vogue of self-wax kits. Youths over 18 who enlist in the Michigan National Guard will be exempt from proposed selective service draft. One "if": They must enlist before act is law.

The 1948 reduction in federal income taxes may be the last for some time, if Congress is to avoid deficit financing. Defense expenditures, now running at \$77 billion, are due to rise gradually to \$22.5 billion by 1953.

Two hundred and sixty-two local governmental units are not spending liquor license revenue for law enforcement, as the law intended; 59 are using only some of the revenue for this purpose, and 304 are spending it properly, according to a state survey.

Michigan's new Economic Development Commission, newest state agency, was given a \$198,000 budget by the state legislature. The Office of Veteran Affairs will go out of business June 30.

G. Mennen Williams, Detroit attorney, is a Democrat candidate for governor. He quit the liquor control commission Saturday, May 13.

Midget Auto Races Ionia, Sunday, May 23

The greatest array of racing talent and costly, powerful racing creations ever to compete in the Wolverine State will converge on the Ionia Fairgrounds race track Sunday afternoon, May 23.

Tonia, on that day will be the scene of a 100-lap National Championship A. A. sanctioned, Michigan Auto Race carrying with it for the lead-footed ace of the nation's speed paths not only a heavy purse, but those coveted A. A. National Championship points.—adv.

BIRTHS

To Mr. and Mrs. George McDonough, a 9 1/2 lb. boy, Thomas Bernard, at Blodgett hospital, May 11.

To Mr. and Mrs. Lyle Covert, a 5 1/2 lb. son, Robert Ray.

To Mr. and Mrs. Emerson Stevens, Sunday, May 16, at Blodgett hospital, a 7 lb. 15 oz. daughter, Janet Kay.

To Mr. and Mrs. George Churchill (Melba Sterick), a girl, Patricia Louise, May 12, at St. Lawrence hospital, Lansing.

RACES AT OWOSSO

244 Persons Killed First Three Months 8,024 Are Injured

The downward trend in traffic fatalities in recent months was reversed in March, when 94 persons lost their lives on Michigan highways, an increase of nine over the same month a year ago, according to a summary prepared by the State Police.

The change, however, was attributed largely to a series of multiple death accidents. Six persons were killed in one mishap and three in each of three others, a total of 15.

In all there were 12,025 reported accidents during the month and 2,801 persons were injured. Accidents increased 9.5 per cent and injuries were up 11.6 per cent over the same month of 1947.

Rural deaths gained sharply, mostly as the result of collisions between vehicles, while urban deaths decreased one-third. Pedestrian deaths also declined.

There were 244 persons killed and 8,024 injured in 37,024 accidents reported during the first three months of the year. Compared with the same period of a year ago, deaths decreased five per cent, injuries increased 10.6 per cent and accidents were up 4.7 per cent. Fewer deaths resulting from collisions with railroad trains accounted for most of the cumulated fatality reduction.

Mileage for the first two months of the year increased 12 per cent over the same period a year ago, and the death rate of 3.74 per 100 million miles of travel was down 20 per cent on the same comparative basis.

Saddle Club Rodeo Draws Large Crowd

People from all sections of Michigan attended the Boot, Spur and Saddle Club rodeo and horse show at Lowell on Sunday. The committee deserves much credit for promptness in planning and good sportsmanship. The weather was perfect and the arena was filled with beautiful horses.

The beautiful Shetland pony, "Queen" went to Donna Geelhoed, 11 years old, of Lowell.

Many expressions of regret were heard over the absence of the late A. E. Johnson, who had contributed so much to the success of horse shows in the past.

State Report Shows Iron Ore Reserves Reach Highest Point

Exploration encouraged by the big demand for steel and the new state law deferring taxes on newly discovered ore deposits has boosted Michigan's iron ore reserves to the highest point since 1937, according to the annual mine valuations reported by F. G. Fardee of the conservation department's geological survey.

During the war years, exploration was suspended while mine operators concentrated on production, and by 1946 reserves were down to 131,737,000 tons. This year reserves are estimated at 180,000,000 tons—538,540 in Dickinson county and 50,904,279 in Iron county in the Menominee range, 31,937,142 in Gogebic county in the Gogebic range, and 66,638,928 in the Marquette range.

Total valuation of the state's 35 operating iron mines and other iron ore reserves is up from \$53,796,000 in 1947 to \$54,950,000 in 1948.

Nine copper mines were operating in 1947. Aggregate copper mine valuations also are up a little, from \$3,551,000 a year ago to \$3,882,000 this year.

Weekly Scrapbook

Week's Best Recipe
Baked Spaghetti: Plunge 1/2 lb. spaghetti in a large kettle of rapidly boiling, salted water. Boil rapidly uncovered until just tender or for about 12-15 minutes. Drain. Chop fine or grate 1/2 lb. of cheese (American cheddar, processed Swiss, Romano). Mix well. Grease baking dish. In bottom place small pieces of garlic, finely minced. Put in layer of spaghetti. Sprinkle with generous layer of cheese, dot with butter, sprinkle with salt, pepper and paprika. Repeat layers, ending with cheese, until dish is almost full. Bake in moderate oven about 40 minutes, until thickened and brown on top. During baking, using a fork, stir mixture from bottom to top. Do this several times during baking of first hour.

Did You Know
That there is a new spray that delays the falling of apples from trees from three days to three weeks? That there is a new paper bag invented that is as soft and noiseless as cloth, which will be especially used to hold popcorn and peanuts and candy that are for eating in theatres... that flowers cut late in the afternoon stay fresher longer because of the increased sugar content which is highest at 4:30 p. m.

Inspirational
Colleges and universities of the world are more powerful than governments, armies and navies.—Nicolas Murray Butler.

William P. Kerekes Named Postmaster

Dispatches from Washington on Tuesday carried the news that the President had named William P. Kerekes postmaster at Lowell. As soon as the appointment is confirmed by the Senate Mr. Kerekes will assume his new duties.

The news of the presidential appointment is being received here with gratification by local citizens and patrons of the post office throughout the area.

The promotion is richly deserved. Mr. Kerekes first began working in the Lowell post office in 1907, and in all has served the post office department a total of 35 years, the past eight years as assistant postmaster.

Legion Auxiliary Memorial Poppies Offered May 27-28-29

May 27, 28 and 29 have been designated as Poppy Days. From early morning until night-fall Legion Auxiliary volunteer workers will be on the streets offering Memorial Poppies to be worn in honor of the dead of both World Wars.

In exchange for the flowers they will receive contributions for rehabilitation work among the disabled war veterans and for child welfare work among children of veterans.

The poppies are all made by disabled veterans and much depends upon the success of poppy days.

The public response to our appeal depends on the Auxiliary's ability to carry forward its work. The poppy is more than a badge for those who contribute to our rehabilitation and child welfare work. It is a symbol of individual tribute to the War dead. A sign that the wearer holds in his heart a place of honor for those who died for America.

Anna Ellis, Poppy Chairman, American Legion Auxiliary.

COMING EVENTS

American Legion meeting, Monday evening, May 24, Lowell City hall. Refreshments.

Cyclamen Chapter, No. 94, O. E. S. will hold a special meeting Friday evening for the purpose of initiating a large class of candidates.

The P. N. G. Club will meet at the home of Mrs. Pearl Jones on Monday, May 24.

The Peckham Group of the Congregational Women's Fellowship will meet Friday afternoon, May 21, at 2:30 in the home of Mrs. Howard Thurlert, on Howard St.

Lowell Odd Fellows and Rebekah lodges are jointly sponsoring a card party in the lodge rooms on Friday evening, May 28. The entire proceeds will go to the local cancer drive.

Memorial services will be held at South Boston Grange hall on Sunday, May 30, at 9:30 a. m. A special program will be given and Flint Watt of Ionia will deliver the address.

The Vergennes Farm Bureau will meet at the home of Clare and Lloyd Ford this Friday evening, May 21. All members are urged to be present. A light potluck lunch will be served after the business meeting.

Mrs. Ann Shaw will open her home at 407 Hill St. on Saturday afternoon, May 22, at 3 o'clock, for a Bible study. The topic will be "Jesus, Our Perfect High Priest." John Jansen of Grand Rapids, an earnest student of the Bible, will lead the discussion. Special music, a mission story and special story hour for the children will be some of the other features of the program. An invitation is extended to all persons interested.

Donna Geelhoed, 11 Gets Pony at Rodeo

Donna Geelhoed, who won the Shetland pony "Queen" at the Rodeo, is pretty proud. She was so overcome with joy she could hardly walk to her pony.

Donna wants to thank everyone who made it possible for this eventful occasion.

Donna previously made the headlines when she was pictured in the Ledger with her twin brother Donald, and her twin sisters, Eleanor and Lorraine.

GARDEN LORE CLUB
Lowell Garden Lore club met on Tuesday, May 18, with Mrs. Lee Lampkin. The meeting was conducted by vice president, Mrs. J. E. Bannan, in the absence of Mrs. Johnson. After the regular business an interesting contest was conducted by Mrs. Lampkin and a box of panies was won by Mrs. James Gee. Mrs. Sadie Seagrave presented a combination prose and poetry selection. Dainty refreshments were then served by the committee and afterwards a plant sale was held.

An important meeting for June is being planned and members are asked to watch for notice of it.

Right-of-Way Sought For Lowell Airport

The council Monday night authorized the village attorney to draw up a deed to 32 feet of property off the side of the DeHaan property on M-91 for a right-of-way into the Lowell airport. For this right-of-way the village has offered Mr. DeHaan the sum of \$500.00.

The airport, which has been without any public thoroughfare, will now have an improved roadway as soon as construction can be completed.

It is expected that for the money spent by the village for this improvement to the airport, the State of Michigan and the federal government will contribute toward other improvements.

Kill Flies Now For A Fly-Free Summer Help Control Germs

"Every fly you kill right now means thousands less to endanger you and disturb you in August. Now is the time to plan for a fly-free summer," according to LaRue Miller, Environmental Engineer of the Michigan Department of Health.

A housefly beginning its reproductive activities now, in early spring, may have over five billion descendants by autumn if all its offspring live and reproduce. One pair of flies, mating now, will become the ancestors, by late summer, of more flies than 1,000 can eat in the same period.

Flies transmit the germs of typhoid fever, poliomyelitis, dysentery, diarrhea, tuberculosis, cholera and certain other diseases.

For the most part flies are born in manure piles, cesspools, outdoor toilets and rotting garbage. They spread disease when they carry filth from these places and from other human and animal refuse and excreta to the food on your dining room table, food being prepared in your kitchen, or food stored in your cupboards. Some flies feed on excreta and refuse, others just walk through it.

The first step in controlling the danger and nuisance of flies is to eliminate their breeding places—the manure pile, rotting vegetable and animal matter, foul garbage cans and animal excreta and refuse, cesspools and unclean chicken coops, pig pens and cow sheds.

Another step is to adequately and tightly screen all buildings where food is stored and prepared, where milk is handled, or where humans live.

The first step in control is to spray inside and outside surfaces of buildings with a 3 per cent solution of DDT and paint screens with a 5 per cent solution of DDT once every six weeks. DDT is no more dangerous than the ordinary orchard spray materials. Do not eat it. Do not get it on food, and if you get it on you, wash it off.

Spray porches, the overhang of the roof, around the garbage can, all outside stables, toilets, milk-houses, pet houses, chicken coops, pig pens and the like.

Then swat every fly you see.

Late News Regarding Lowell Air Service

Richard Lampkin, who operates the Lowell Air Service, reports that Kenneth Bieri, and Allen Roth received their private licenses last week. They are the first two boys to get their "privates" under the GI Bill.

Students now working for their privates are Merle Alexander, Ed. Stormand, Herb Swan, Ed. Koolman, Richard Koolman and Clare Bryant.

Others awaiting their certification papers are Newton Grimwood, Orlo Gwathkin, Gordon Murray and Gerry Scott.

Building Permits Approved Where Water Is Safe

The following building permits were granted at Monday night's meeting of the common council: Thomas J. Kennedy, to enlarge his restaurant by 9x25 feet, corner Main and Hudson streets.

Byron Weeks, garage, 14x20, 900 Vergennes Rd.

Charles White, garage, 24x22, 827 N. Washington.

Bruce McMahon, residence, 28x32, Reservoir Hill.

Ingratitude
Of all the sins, great or small, ingratitude seems most contemptible. Do thank a man to think, but not to thank is a graver fault than not to think. Thanklessness is a disease of the heart as well as a defect of the head.— Watchman-Examiner.

Lowell PTA Ends Profitable Year

Interesting Talk Followed By the Installation For Coming Year

The Lowell PTA concluded their year's work Wednesday night, May 12, with an outstanding and varied program. The main speaker was Dr. Leon Thurston, deputy superintendent of the state department of public instruction. Talks were also given by W. W. Gurner, Mrs. James Gee and Mrs. Wm. Collins. The installation of officers for the coming year by C. H. Runciman concluded the program.

\$90.00 Given School Fund
A short business meeting was held. Mrs. Howard Potter read the treasurer's annual report, after which Mrs. Bradford White moved that the PTA contribute \$90.00 to the Lowell school building fund.

Superintendent W. W. Gurner gave the highlights of the National Superintendents' Convention which he attended at Atlantic City, where he heard Dr. Walter Judd, a medical man from Minnesota and member of congress; Dr. H. B. Well, president of Indiana University; General Omar Bradley and Pearl Buck.

"They Grow Up Ony Once"
The title of Dr. Leon Thurston's talk was "They Grow Up Ony Once." It was colored with many amusing and interesting anecdotes and was well received by the audience.

Dr. Thurston said that the process of education may occur in school or college, but neither institution guarantees it as a certainty. When a child begins kindergarten the educative process begins, and the dominating theme of the parent's life is that the child will turn out all right.

Statistics show, Dr. Thurston stated, that the American youth today are physically stronger, more intelligent and on a higher spiritual level than the generations before. The superior youths today have more freedom, better food, and better mental nourishment. He said that 16 was the peak age for intellectual performance.

In conclusion, Dr. Thurston said when boys and girls are denied nutrition, freedom, or liberal treatment they will show the effects of their environment, but when they are well nourished by food, and have proper environment they will grow into serene, strong, competent, trusting children.

Attend Annual Meeting
Mrs. Wm. Collins and Mrs. James Gee gave a short resume of their trip to Bay City, where they attended the annual meeting of the Michigan PTA. Significant was the fact that PTA membership has increased 20% in Michigan in the last three years. The theme of the convention was that world understanding begins at home.

Installation of Officers
C. H. Runciman, president of the Lowell school board, then installed the following officers for the coming year: President, Mrs. James Gee; first father vice president, Louis Kingsley; second father vice president, Orion Thaler; first mother vice president, Mrs. Kenneth Lybolt; second mother vice president, Mrs. George DeGraw; recording secretary, Mrs. William Collins; corresponding secretary, Mrs. Howard Krum; treasurer, Mrs. Howard Thurlert, Jr.; historian, Mrs. Henry Wood. Louis Kingsley will also serve as finance chairman and Mrs. Jack Bergin will be the program chairman, succeeding Mrs. Bradford White, who has done such a commendable job this year.

Coffee and doughnuts were then served and a social hour followed. Mrs. Kenneth Lybolt and Mrs. Henry Wood served on the refreshment committee.

Signs Will Indicate Where Water Is Safe
Michigan resorts which comply with the standards of sanitation recommended by the Michigan Department of Health will be given metal "Sanitation Approved" signs for roadside display this summer.

These black and white signs will indicate to tourists and permanent residents of the state that water supply, sewage disposal and food handling of the resort are safe. They will indicate that the bathing beach is without pollution and that the resort has provided for the general safety of its visitors.

Pre-School Clinic This Friday, May 21

A pre-school clinic for those who are going to enter kindergarten next fall will be held in the kindergarten room of the grade school on Friday, May 21, at 9:00 a. m.

Parents are urged to bring their children for a check-up at this time, and if they are unable to attend on this date, names of those children should be sent to Mrs. Johnson, kindergarten teacher, as soon as possible. According to present plans, children are eligible to enter kindergarten in September if they are five on or before January 1, 1949.

Anyone wishing transportation, call high school, No. 2.

Read the Ledger ads.

HOME TOWN THOUGHTS
"Best be the tie that binds our hearts in Christian love," says the good old hymn. Also the tie that binds people together in affection for the home town is a very fine thing.

One result of affection for the home town is that it lends a great impetus to give a large amount of time to useful public movements, and to organizations that provide fine features for home town life.

Newspaper advertising tells a most interesting story about human life and its many activities and desires, and it is worth the most careful reading.

COMMUNITY DEVELOPMENT

Announcement was recently made at Washington, that a conference is to be held May 24, 25 and 26, of civic, business and professional leaders, as well as representatives of national associations concerned with community development. Various phases of such development will be discussed by leaders in many fields and those actually engaged in conducting local programs.

This meeting can be expected to demonstrate the desire that is felt all over the country for progress in community life. There will be many stories of remarkable things accomplished in cities and towns, opportunities given to young people, recreational development, achievements in the construction field, of plans for cultural progress, and many more gains.

Probably the work of organizations will be an important feature in these discussions. Through the work of such associations, great progress has been achieved. Education is a tremendous factor in progress, and achievements in this field are likely to be emphasized. This conference will stimulate a great deal of enthusiasm for community development.

MAN VERSUS BUG

We held high hopes for DDT, that it would conquer the bug population that flourished in the good old summertime. But, leave it to an insect! In an Agricultural Department laboratory in Orlando, Fla., scientists bred a strain of houseflies that resisted all the effects of DDT. They were resistant to DDT, rotenone and pyrethrum, too. And, say the scientists, if this sturdy line of laboratory-bred flies can master insecticides, the chances are that insects outside the laboratory are building up the same power.

In other words, as man increases the sprays to control mosquitoes and house flies, the insect builds up a similar resistance under natural conditions. However, Lowell will still use its spray gun this summer, just as a reminder to bugdom that we still in there fighting!

IT'S A FACT

A few "whys" of the growing gasoline shortage: there are 3 million more passenger cars in use now than in 1941 and they are driven more miles; truck registrations have doubled; buses have increased more than 40 per cent; farm use of gasoline has doubled; more than 1 million additional tractors on farms; locomotives using Diesel motors use a lot more oil and 90 per cent of new locomotives on order are Diesels; more homes heat with oil.

The U. S. produces over 5,000,000 barrels of oil a day. In 1940 we produced 4,000,000 barrels daily. The petroleum industry plans to spend \$4 billion for further expansion to meet the increasing demand.

THE FOREST PICTURE

A fine forest with its lovely foliage and its branches swinging in the wind, is a wonderful sight. People love to travel through or near forests, and are attracted by its beauty and charm. The pleasure given by the forest scene draws many tourists and visitors to these woodland localities. Thus it is a commercial asset, and communities benefit from the guests and visitors who resort to these regions of natural beauty.

When a forest fire turns one of these beautiful areas into a blackened waste, it becomes a blot on the landscape. All its beauty is gone, and it ceases to attract those who love the woodland scene and enjoy its refreshing shade. The whole country should unite in the effort to prevent this loss of beauty and valuable property.

"PERSONALITY"

If people are successful in the things they undertake, it is often said that their "personality" is an important factor in their success. People are often advised to develop the trait called "personality" as a characteristic that will be very helpful to them. The question may be asked as to what anyone has to do to acquire this power of "personality."

Many people get it by their charming and gracious and friendly manner. They have a certain magnetism. Their cordial ways attract the world, and the world likes them. They have a certain enthusiasm and buoyancy, they take a hopeful attitude toward life, and they communicate good cheer to those they meet.

People give this impression by showing that they like to meet those with whom they come in contact, and that they enjoy meeting the world and hearing what people have to say. Substantial qualities like intelligence and efficiency create the impression of personality. It would seem that this gift can be developed and increased, and it enables a person to acquire power of leadership. Modern life develops personality, and a great number of people have this trait.

HOME TOWN THOUGHTS
"Best be the tie that binds our hearts in Christian love," says the good old hymn. Also the tie that binds people together in affection for the home town is a very fine thing.

One result of affection for the home town is that it lends a great impetus to give a large amount of time to useful public movements, and to organizations that provide fine features for home town life.

Newspaper advertising tells a most interesting story about human life and its many activities and desires, and it is worth the most careful reading.

Some joker snapped a padlock on the sprocket of Walt Zerbe's bike, but Walt had the last laugh. Bob Crouch removed the lock and made a key. Walt is now the happy possessor of an extra new padlock.

Fescue Good Grass in Orchards

"Fescue is the best grass for orchards I have ever seen," said Ray Jost, Alpine town farmer and one of the first cooperators of the Northwest Soil Conservation District.

"I seeded two acres of an apple orchard to chewing fescue in the fall of 1946 and now I wish the rest of the orchard was in fescue instead of orchard grass. I had to mow the orchard grass twice as often as the fescue when it was so dry last summer. However, I clipped the fescue only once and then only to get rid of some weeds," Jost went on.

Mr. Jost seeded the fescue about Labor Day, 1946, on an 18-acre orchard with the rate of ten pounds per acre. The seedbed was prepared thoroughly and the seed broadcast with hand sower, but was not covered.

"It would probably have been better to outspade the ground after broadcasting the seed, but I got an excellent stand in spite of the dry weather. That proved to me the fescue is an easy grass to get started," Jost added.

Fescue makes a shallow-rooted, low-growing sod that provides little competition with fruit trees but does control erosion very effectively. It also stands the heavy traffic control better than any of the other common grasses in this area. Many growers have considerable trouble when the ground is soft in the spring but fescue makes such a tough sod that in most cases the heavy spray rigs move along without trouble.

For further details regarding the use and seeding of chewing fescue contact the local U. S. Soil Conservation Service office, Rockford, Michigan, or the West Coast Extension Service, Grand Rapids, Michigan.

The Gift Every Graduate Wants

Watch from Avery Jewelers

The smallest motors commercially produced come from England. Operating on a new electromagnetic principle, with no commutators or soldered joints, they are so small that two of the tiniest can be placed in a tin can—actually 3/16 of an inch in diameter by 3/16 of an inch long and weighing less than one gram. The motors have a speed of some 7,000 revolutions a minute and require only about 1/4 volts to operate.

SOCIAL EVENTS

Enjoyable Social Event at Western Michigan College, Kalamazoo

Mrs. Elizabeth Phelps and Mrs. Frances Jefferies were guests last Saturday afternoon and evening of Miss Catherine Phelps at the annual Mother's Day tea, given by the Women's League of Western Michigan College, Kalamazoo, in the auditorium of Walwood hall. The long tea tables were covered with mederia linen and centered with a bouquet of spring flowers, pretty silver and china with the dainty tea cakes and seated at either end were pretty young ladies to pour the tea. The auditorium was also decorated with large vases of spring flowers. The daughters greeted their mothers with courages and Cathy presented her mother and Mrs. Jefferies with a lovely gardenia corsage, also invited the ladies to dinner served in the dining room. Later they retired to the lounge for semi-tasse and a program of music given by the music students of the college.

Social Brevities

The Book Forum met at the home of Mrs. George Lundberg Wednesday evening, May 19. Mrs. Herbert Elinga reviewed "Mr. Adam" by Pat Frank.

Last week Wednesday the Gopher Club was entertained in the home of Mrs. Paul Kellogg. A 2:30 luncheon was enjoyed and cards furnished the afternoon's entertainment.

Mrs. Harold Weekes was hostess to the Monday Book Club May 17, in the home of her sister, Mrs. Wayne Young in Grand Rapids, at which time Mrs. D. N. Lipke reviewed "So Dear To My Heart" by Sterling North.

The Junior Farther Lights met with Helen Yeomans, May 14, and a business meeting was conducted by our president, Myrta Fuller. Refreshments were served by T. August. Next meeting will be a weiner roast at Fallasburg Park on June 11.

Gratitude is a life-giving quality. It heals and uplifts. He who is grateful opens his thought to many other lovely qualities. It is easy to be kind and to do good when one's heart is overflowing with gratitude. The truly grateful person does not find it difficult to be patient, tolerant and forgiving. Whereas the ungrateful and selfish person neither blesses others nor receives a blessing himself—Ala Baptist.

The length of the hemline doesn't matter much if the stockings don't wrinkle around the ankles.

Obituary

Clayton Schwab

Funeral services were held Tuesday afternoon at the Clarksville Congregational church for Clayton Schwab, 65, life-long resident of Clarksville, until a year ago, when he came to Lowell. He passed away Saturday at his home on Bows Rd., after a long illness. Rev. Fred Williams of Baroda and Rev. Paul Beger officiated and interment was in South Boston cemetery.

Mr. Schwab is survived by his wife, Bertha; three daughters, Mrs. Nick Kloosterman of Lowell, Mrs. Dorothy Weeks of Elm Dale and Mrs. Ward VanDyke of Grand Rapids; one son, Joe Schwab of Lowell. A son, Charles, preceded him in death.

Mrs. E. C. Lewis

Mrs. E. C. Lewis, 88, who passed away at her home in Maywood, Ill., Sunday, May 16, was brought to Lowell, where funeral services were held at the Roth Chapel Wednesday afternoon, Rev. Paul Z. Hoornstra officiating, with burial in Oakwood cemetery.

Margaret Augusta Pink was born in New York City and came to Michigan in her early girlhood, locating in Vergennes township. In 1884 she was united in marriage to Edwin C. Lewis and four years later they moved to Chicago and from there to Maywood, where she had made her home for the past 22 years. Mr. Lewis passed away in 1937.

Mrs. Lewis is survived by two nieces, Miss Florence Scott of Maywood and Mrs. A. E. Blow of Huntington Woods, Mich., and a nephew, Capt. John A. Scott, U. S. N.

Mrs. Addie Moore

Funeral services were held today (Thursday) in Detroit for Mrs. Addie Moore, aged 80, who passed away in Lowell Monday at the home of her daughter, Mrs. Earl Hunter, after a long illness. Dr. Frederick Olet officiated and interment was in Grandmont cemetery, Detroit.

Mrs. Moore was born in Listowel, Ontario, Canada, on September 26, 1867. She married Samuel Moore in Canada and then moved to Michigan. To this union were born two children. In 1910 her husband passed away.

She is survived by a daughter, Mrs. Earl Hunter, of Lowell; a son, Richard E. Moore, of Detroit; a sister, Miss Anne Tallman of Listowel, Ont.; four granddaughters, Mrs. Wm. Thompson of West Hartford, Conn., Mrs. Harry Blair and Mrs. Wm. Menzel of Detroit and Mrs. Paul Smith of Lowell; and twelve great-grandchildren.

MEMORIES Ever Green

It is reassuring to know that your loved ones are resting amid the beautiful dignity of living flowers. We deliver regularly to any local cemetery.

IN MEMORIAM

In loving memory of our mother and grandmother, Lucy Duell, who passed away one year ago, May 23, 1947.

The dearest mother a world could hold, A cherished smile, a heart of gold; Those who knew her well will know How much we lost one year ago. Mr. and Mrs. George Schwarzer, Mr. and Mrs. Claud Loring and Families.

Lowell Local

Jill Ann Herald of Carson City is visiting relatives here this week. Frederick Beimers, son of Mr. and Mrs. Fred Beimers of South Lowell, was taken to Blodgett hospital Sunday night for an operation for appendicitis.

Friends here in Lowell were sorry to hear Mrs. Olive Butler was admitted to St. Mary's hospital for surgery. Mrs. Butler has been with her son and family at Marquette, Mich. for some time.

Sunday callers of Mr. and Mrs. Art Young and sons were Mr. and Mrs. R. Jack Maxson and son Jimmy of Galeburg and Mr. and Mrs. Irve Dintaman and granddaughter, Michelle Martin of Grand Rapids. Monday dinner guests were Rev. and Mrs. B. F. Wade of Woodland.

Mr. and Mrs. Maria Dawson and Mr. and Mrs. Sylvester Bibbler spent last week-end at Carl Wood's Rainbow Cabins at Baldwin. Mr. and Mrs. Fred Bruns of Grand Rapids spent Sunday afternoon with Mr. and Mrs. Andrew Chaffee and also called on Tom Chaffee and Mrs. Effie Goosen in Vergennes.

Whether it be for good or evil, the education of the child is principally derived from its own observation of the actions, words, voice and looks of those with whom he lives.— John Jebb.

AUNT HET

By Robert Quillen

"I knew my stomach was goin' to make trouble. When I wake up thinkin' of dumb things I did years ago, I know I'd better start doctorin'."

You can also get into trouble quick without insurance. Better see Rittenger Insurance Service today.
