

THE LOWELL LEDGER

Established June, 1893

LOWELL, MICH., THURSDAY, SEPTEMBER 13, 1951

Number 20

Dwight W. Lantz, manager of Cities Service Oil Company propane distributing plant built at the southeast village limits, was introduced to Lowell business men at the Board of Trade meeting on Monday night. He and his wife plan on making their home here. They have two married daughters and a son who is now a student at MSU.

Mr. Lantz comes to Lowell from Cleveland, Ohio. Charles Frary of Grand Rapids has leased the Borgerson building at 208 East Main St., and expects to open a second hand store there soon.

A short circuit in the wiring set off the fire alarm at 4:30 Monday morning bringing out the volunteer firemen and half the population of Lowell because of its insistent ringing.

All noise and no fire!

Now that school is opened and there are more children on the street than any other time of year as they pass to and from school, let us remember to "Watch Out For Kids."

Let's take it easy, friend motorists and look to the safety of those youngsters who are crossing the street, and make our community a better and safer place in which to live.

The kids of today are the adults of tomorrow, remember.

Sixteen doctors of medicine who have seen Michigan medicine advance from horse and buggy, kitchen surgery to penicillin in their fifty years of practice, will receive recognition of this service Sept. 26 in ceremonies at the 56th Annual Session of the Michigan State Medical Society in Grand Rapids, Mich.

Among these doctors who will be accepted as members of the "Fifty Year Club" is our old friend, Dr. Frank E. Luton, veteran practitioner of St. Johns.

The total amount of money to be distributed at this time from motor vehicle highway funds is \$4,303,408.75, of which Kent county will receive \$71,152.75, and Lowell village, \$430.97.

There has been much said pro and con regarding the 1 1/2-cent gas tax raise and this week Governor G. Mennen Williams gives out the following information:

We quote: "It now appears as a distinct possibility that collection of the 1 1/2-cent gas tax increase may be halted until a referendum can be held in November, 1952."

"A citizens' committee has announced that it has obtained more than 100,000 signatures on a petition to submit the gas tax increase to the people at the next election. If these petitions are found to be legally valid, the road program might be stopped."

Did you know that Michigan with 423 percent of the nation's population paid 3.24 percent of total U. S. tax payments? Combined efforts of Michigan, California, Illinois, New York, Ohio and Pennsylvania constitute one-half the nation's tax income?

A bill to increase the cost of sending a letter from 3c to 4c was passed by the U. S. Senate last Friday and will come before the House later.

The measure also would raise postcards to 2c, raise all airmail rates and boost other types of mail accordingly.

Senators voted 86 to 24 to double a proposed increase in second class postal rates for magazines but refused to include newspapers.

Remember the good old days when you could mail a letter for 2c?

Small towns and crossroads villages are wide open to a new terror—crime against people. Writing in Christian Herald magazine, Howard Whitman starkly warns that we have passed from the era of big city dealers in violence to the era of wagers, rapists, molesters of children and psychopathic killers who strike anywhere and everywhere.

America's frightening new crime pattern has increased faster in rural areas than in heavily populated districts, the Christian Herald story shows. FBI reports for 1950 show a city crime upswing of 0.4 per cent, against a rural increase of 4.4 per cent.

This seems incredible to us who live in rural areas where living is so much more wholesome than in congested districts. But statistics prove we are blind to the situation.

In small towns we at least know the people who are abnormal, the psychopathic tendencies of those about us.

We should not let such hazards continue when we are aware of them.

Jokes, jests, jabs, and jibes, just by Jeff: No one is ever too old to learn, but most of us keep putting it off. . . . Old money is chopped in two by a Treasury machine, and what that old money will buy has been chopped in quarters. . . . A taxpayer is described as being a person who has the Government on his payroll. . . . This world is full of willing people; some are willing to work and the rest willing to let them. . . . "Don't lose your head in an attack," said the sergeant to a recruit, "You have to keep it to put your helmet on."

WATERBURY BABY EXPIRES FEW HOURS AFTER BIRTH
The Ledger joins with other friends in sympathy to Mr. and Mrs. L. L. (Sandy) Waterbury of 919 W. Main St., in the death of their little son who died shortly after his birth at Osteopathic hospital in Grand Rapids last Friday.

The baby was buried at Rosedale Memorial Park where private services were held Monday morning.

School Enrollment Larger Than Ever Now Totals 848

The enrollment report of teachers on Monday of this week showed the largest initial registration in the history of Lowell schools. A year ago a record of 787 was established on Sept. 12th, but the total submitted this Monday was 848, or an overall increase of 61. The enrollment by grades for this year as of Monday was: Kindergarten 78; 1st grade 41; 2nd grade 55; 3rd grade 42; 4th grade 67; 5th grade 43; 6th grade 44; 7th grade 44; 8th grade 51; 9th grade 110; 10th grade 110; 11th grade 98; 12th grade 71.

The total enrollment for the high school is 389, as compared with 377 a year ago.

Increase Creates Problems

The enrollment created several problems—the most serious of which was adequate instruction. The appeal for help made through The Ledger met with a fine response. Several experienced teachers volunteered their services and Mrs. Faye Himebaugh agreed to assist with the work. Some who offered to help did not realize that anyone who is paid public funds for teaching children must be properly certified.

Attempts are being made to provide special instruction for a few of the children in the later grades. Some of the classes in the high school are over-crowded and Principal Nisbet is working to divide some of them. All of the new teachers are getting accustomed to their duties and they are fitting in very nicely.

Hot Lunches Served

Hot lunches have been served since the second day of school. Mrs. Marguerite Houghton is again in charge.

Lowell Village Players Will Open House

The Village Players of Lowell will meet on Monday evening, September 17 at 8 P. M. in the home of Mr. and Mrs. Ed. Reynolds on 123 Hudson St. An act play will be given under the direction of Ruth Jones. Refreshments will be served.

This meeting marks the beginning of a new season for the Village Players. Among the programs being arranged for the public will be an Open House in October. Final plans will be made Monday evening.

Current News Items About Our Servicemen

The Ledger is trying to render a service to men in uniform and their friends by keeping addresses up-to-date and publishing them for the benefit of all those who wish to write to the boys.

Every man in service wants to hear from the friends back home and we hope with the cooperation of parents and friends to have addresses correct.

Keith Miller, son of Mr. and Mrs. John Miller of South Lowell, has the following address and he, too, would enjoy hearing from Lowell friends. Pvt. Keith W. Miller, RA, 16-378-486 Co. D, 88th Inf. 10th Div., Ft. Riley, Kansas.

Roy Chrouch, son of Mr. and Mrs. R. G. Chrouch has been promoted to Staff Sergeant and is now stationed at Wright-Patterson Airfield, Dayton, Ohio. His home address is: 8-Sgt. Roy L. Chrouch, 15252983, 1508 Dayton Pike, Springfield, Ohio. Mrs. Chrouch is with him at this address.

Robert, son of Mr. and Mrs. Clare Anderson has a new address as follows: Sgt. Robert A. Anderson, AFI292817 4218th A&E Sqd., APO No. 845, c. o. Postmaster, New York N. Y.

William, son of Mr. and Mrs. Amos Sterick, has been sent overseas and his address is now, Pvt. E2 William J. Sterick US 551282-2D PROV. Co. 143, APO 872 c. o. Postmaster, New York, N. Y.

Michigan Farmers See Controlled Hunting Solution To Problem

Southern Michigan farmers wanting to take part in the Williamson plan of controlled hunting should send their applications to the conservation department now. The deadline September 10. Any farmer unfamiliar with this plan of controlled hunting may get information by writing to the department's game division, Lansing, and state game men are available to explain the plan to farmer groups.

The plan allows farmers on two or more square miles of land to band together in a cooperative and decide the maximum number of hunters they wish to permit on their lands. As a hunter must obtain a ticket at the farmhouse and leave his car there, the farmer has a check on the persons who go onto his farm. Some farmers consider this plan a solution to the problems of trespass in unrestricted hunting and the waste of the wildlife crop when there is a complete ban on hunting.

Forty-seven clubs opened 164,000 acres to Williamson plan hunting last fall.

Pair Escape Death As Cabin Burns

A man and a woman narrowly escaped with their lives early Saturday morning when the cabin in which they were spending the night was destroyed by fire.

Gerald Ringel, claiming to be from Chicago, who had rented the cabin for the night, was burned about the hands and legs in his efforts to get out of the fire. His companion escaped in night clothing and was taken into Grand Rapids, where she claimed residence, in a passing truck.

The cabin owned by Mr. and Mrs. George E. Tanis was a fiery furnace when Mr. Tanis reached it with fire-fighting equipment and the fire was completely out of control. Lowell fire department made an almost miraculous run through the dense early morning fog and was able to save the other cabins though the cabin next to the one burned was badly damaged by water and smoke. The loss is partially covered by insurance.

Mr. Tanis has built up his cabin court during the last four years from one to ten cabins and has constructed most of them with cinder blocks and all are insulated. It is reported Mr. Ringel admitted he had been smoking in bed which was the probable cause of the fire.

Sgt. Kenneth Haney Home On Furlough

Home for the first time in two years, Sgt. Kenneth W. Haney arrived last Friday to spend a 30-day furlough with his parents, Mr. and Mrs. Clarence Haney and other relatives and friends in Lowell.

Frank Hawk, 85, lifelong resident of Lowell, was found dead in his bed shortly after noon Tuesday, coal gas asphyxiation being given as the cause of death which came to him sometime during the night, according to the doctors' report.

Mr. Hawk had lived alone at the home at 153 Pleasant St. since the death of his wife about three years ago, and neighbors noticed his lights were still on and his newspaper lay untouched on the porch and they investigated and found the house was full of gas.

For many years Mr. Hawk was in business in Lowell, always active even after his retirement. At one time he was engineer for the Custer factory, and later he and his wife operated a bakery on Main street, and subsequently started neighborhood grocery stores which are still thriving under other management.

Monday evening Mr. Hawk, always interested in sports, attended a ball game at Recreation Park, and remarked to those sitting near him that it was too cold for him and he went home to start a fire in his hard coal stove. It was the escaping gas from this stove which took his life.

The only known survivor is a nephew, Elmer Hawk, who lives at Kalamazoo who was notified and returned to Lowell to attend the funeral at 2:00 o'clock at Roth Funeral Home.

It is expected Lowell Post Veterans of Foreign Wars will be represented when key officers and delegates from 44 local posts in six western Michigan counties, will meet Sunday, Sept. 16 in Grand Haven for a rally of the 8th V. F. W. district.

More than 200 members of the V. F. W. and its Ladies Auxiliary are expected to attend. V. F. W. District Commander Edward J. Spoleman, of Grand Haven, will conduct the meeting.

The program for the all-day meeting will open at 10:30 a. m. with schools of instruction for officers of local V. F. W. Posts. The general meeting will open at 2 p. m.

Host to the gathering will be the Sgt. Alvin Jonker Post No. 2326, of Grand Haven. Duane Baker is the post commander.

Guests at the meeting will include: Jasper H. Kohn, of Ferndale, senior vice commander of the Michigan V. F. W. and Harry M. Harris, of Lansing, post relations chairman for the V. F. W. state department.

With the hunting season approaching, David C. Steinicke, extension safety specialist at Michigan State College, has issued some warnings to hunters.

He recalled the first day of the 1950 squirrel season, a Michigan hunter was leaning against a tree in the woods. Another hunter fired at what he thought was a squirrel. The first hunter had a doctor pick the buckshot out of his back.

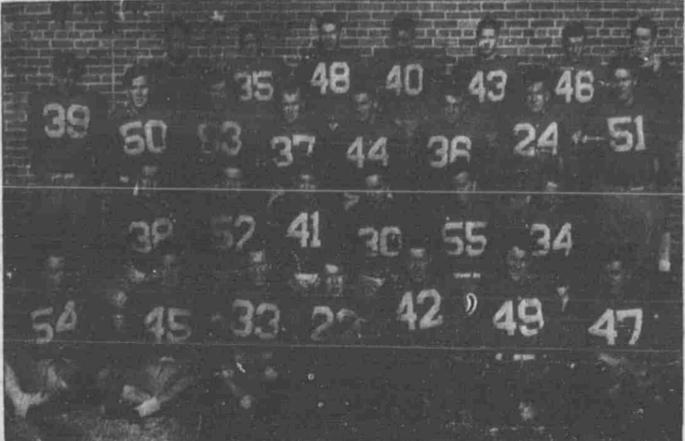

Almost two-thirds of Michigan's hunting accidents are caused by humans in the line of fire, mistaking humans for game and hunting with the safety catch off, Steinicke said.

Coach Burch Selects Rugged Squad For Annual Lowell-Ionia Classic

Football will return to Lowell Friday night when the local Red Arrows will play host to the Ionia team. Year in and year out anything can, and usually does, happen when these two teams get together. Each year one of the largest crowds of the entire season turn out to see this annual football classic. Last year's tussle ended in a tie game.

Little is known of the comparative strength of these two teams as this is the season's opener for both squads. Coach Chris Burch has a new assistant this year in Bob Perry who has taken over as line coach.

About thirty men, eight of whom are lettermen, have turned out for the varsity squad. Coach Burch, if he wished, could field an all letterman backfield composed of Bill Roth, Karl Kutschinski, Roger Faulkner and Roger Green. However, this quartet will be crowded by some backs from last seasons successful team in Dick Bryant, Doug Hartley and Garry Davenport.

Coach Sees Strong Line
In the line Coach Perry has Dale Brown and Bob Grummett trying for end positions. These are two lanky lads who should improve as the season progresses. Tackle position will be handled by Phil Kropp, Bill VanderMaas, Don Sealey and John Porritt. Fred Beckett, Peter Kelley and Bill Parker are working out at the guard positions. Larry Rosenberg and Bob Topp are playing the center slot. Besides these lads there are several other likely-looking fellows who may break into the lineup anytime.

Coaches Burch and Perry are trying to work out the idea of experimenting with some of their backfield candidates in the line to make it a faster charging unit.

As of date all positions are wide open and all candidates must demonstrate ability, and a real desire to play to merit a starting position. The Ionia game should give the coaches and fans a fair indication of what to expect from the Red Arrows in rugged Grand Valley competition.

The Season's Schedule

P. T. A. Will Open Program For Year Wednesday Night

The Lowell Parent-Teacher Association will open its program for the year with a potluck supper to be held on Wednesday evening, Sept. 16 in the high school gymnasium.

Plans are being made for a good crowd as all parents with children in school as well as other interested citizens will want to be present to meet the teachers who will be introduced by Stephen Nisbet, program chairman for the evening. There will also be an open discussion on "Homework vs. School Social Activities."

At each P. T. A. meeting during the year there will be placed a "Question Box" in which parents and teachers may put their written questions and problems. There will be an open discussion period at each meeting in an effort to answer the questions and find workable solutions for the various problems.

The supper hour will be 6:30 with everyone bringing own service and a dish to pass. Coffee, cream and sugar will be furnished.

Write this date on your calendar now and make plans to attend. Let's keep our P. T. A. active for the best interests of all.

Officers for the new year are as follows: President, Mrs. Harold Myers; 1st Vice President, Charles Houseman; 2nd Vice President, Stephen Nisbet; 3rd Vice President, Mrs. Douglas LaDue; 4th Vice President, Mrs. Forrest Buck; Recording Secretary, Mrs. Arnold Fairchild; Corresponding Secretary, Mrs. Fredrick Althaus; Historian, Mrs. Herbert Davis.

Order Tree Seedlings For Fall and Spring Forestry Dept. Urges
The 1951-1952 Fall and Spring order blanks for tree seedlings have been received from the State Department of Conservation and the Michigan State College Forestry Department.

If you plan to do planting, either this fall or next spring, it would be well to order your seedlings as soon as possible so they will be held for you. Certain stocks will sell out. To be sure to get the species you desire, order at once, even though you do not wish delivery until next spring.

The College Nursery offers certain broad leaf species in addition to the usual coniferous species. Sugar Maple seedlings appear on this list along with Tulp Poplar, White Ash, Black Locust, and Mulberry. Rose Stratified Black Walnuts will be available again next spring.

The Conservation Department has only coniferous species for sale, with some Red and White Pine Transplants available.

Blanks for purchase of seedlings can be obtained from your local County Agricultural Agent or your County War Mobilization Committee.

South Boston Grange
Our regular meeting was held on Sat. evening, Sept. 8 with a good attendance. Delegates who attended the county convention reported that it was decided at this convention to hold Pomona Grange in Ionia county on the third Saturday of each month, the next meeting to be held Sept. 15 at Orleans. The business meeting will start at 8:00 o'clock. Supper will follow.

The Grange secretary reported that Blue Cross insurance is again due and should be paid before Sept. 20, either to Jean Kyser or to insurance agent, Paul Wise.

After the business meeting Mr. Osborne from Consumers Power Company showed a very interesting film which was greatly enjoyed by all.

Following the program we all enjoyed a beautiful lunch served by our home economics chairman and her helpers.

Our next meeting will be held on Saturday evening, Sept. 22, with potluck supper unless otherwise solicited.

Ionia Pomona Grange
Ionia County Pomona Grange will have its first meeting of the season Saturday evening, Sept. 15. The meeting is to be held with Orleans Center Grange with business meeting called to order at 8:00 o'clock by W. M. Ernest Sherwood. Following will be a short program and the evening will be concluded with supper. Visiting grangers providing own service and dessert.

Showboat Reports \$11,702.93 Profit \$2,000 to 4-H Club

A fine turnout of Board of Trade members, Business and Professional Women, and Legion members was on hand Monday night for the annual meeting of Lowell Showboat, Inc. Officers of the Showboat reported profits for the 1951 show of \$11,702.93.

This year's show had gross earnings of \$33,307.48 and expenses of \$27,300.87 which would indicate a net profit of around \$6,000 but the treasurer revealed that included in the list of expenditures is a gift to the 4-H building and \$3,700 which was put into government bonds.

Showboat, Inc. now has on hand \$22,432.82, of this amount about \$2,000 is pledged to the 4-H project. C. H. Runciman told the meeting that the Showboat must find a way to dry dock the boat during the winter and provide more and better seating for the 1952 show.

The following were elected to serve as officers of Showboat, Inc. from the American Legion, S. E. Winger, George Nelson, L. E. Johnson, N. E. Borgerson; from the Board of Trade, C. H. Runciman, E. C. Foreman, D. A. Winger and Theron Richmond.

This is the first time the Business and Professional Women's Club has been invited to join with the Lowell Board of Trade in a meeting of this kind and expressed appreciation for the acknowledgment of their efforts to become better and more helpful citizens through study of civic problems and community progress.

Tells of Trip to Europe
N. E. Borgerson in describing the story of his trip to Europe this summer told the group that an European trip is within the reach of most people and that the round trip fare cabin class, was only \$600 each. This includes all meals, etc. on the boat five days each way. Traveling in Europe is no more expensive than traveling in the United States.

In relating his impressions of his trip through England, Scotland, Ireland, France and Norway, Borgerson said that he didn't feel that the people of these countries worked as hard as those in America and that no one mentioned the approaching war except in Norway.

Briefly he described several points of interest: English subways 80 to 130 feet under ground; average English wage earner receiving \$14 to \$24 a week; little or no construction under way in England. The people of the British Isles are extremely cordial and will go out of their way to help a visitor.

France, he described as the opposite of England. Much higher prices on everything except perfume and brandy; people less cordial to the visitors.

In Norway where Mr. Borgerson visited relatives he found beautiful scenery, and happy well-fed people. In traveling two days by train to Norway he passed through one country after another, Belgium, Holland, Germany and Denmark, where a great deal of new construction was under way.

First MSC Lady Cop Graduates In August
A Michigan State College coed wants the police to be looking for her as soon as possible now that she's graduated from Michigan State.

She is Daisy Kim, Honolulu, the first woman graduate of M. S. C.'s department of police administration. Miss Kim graduated in the year-old curriculum in crime prevention. She is one of the first women in the nation to graduate from a college police administration course, according to Arthur Brandstatter, head of the department of police administration.

The 22-year-old Hawaiian student expects to return to Hawaii and work as a policeman for the Honolulu police department. Fifteen other women students are enrolled in police administration at M. S. C., according to Brandstatter.

It's The Crowd That Makes a Good Farm Auction

The success of your farm sale depends on having a large crowd present... a crowd which wants to buy the things you have to sell. And there is just one way to get such a crowd. That is to let the farmers of this territory know you are having a sale and enumerating the things you have to sell.

You can do that job best by using The Lowell Ledger's farm sale service... the only means by which you can get the story of your sale before the vast majority of farmers living in this territory.

The Lowell Ledger Farm Sale Service

OFFERS YOU THESE OUTSTANDING FEATURES:

1. A large advertisement in The Ledger, which will be read by the farm people of this territory. Through The Ledger, you take the news of your farm sale directly into the homes of your prospective crowd, where they can examine it carefully.
2. An ample supply of attractive bills, printed on brightly colored paper, to cover additional territory.
3. A liberal news story on the front page of The Ledger the issue prior to the sale, calling special attention to your advertisement.
4. Help in preparing your farm sale advertisement. Simply make up your list and bring it in. We'll do the rest.

Remember This!

When you hold a farm sale, you are offering several thousand dollars worth of merchandise for sale. It will pay you to advertise your sale thoroughly and completely. If you live within 20 miles of Lowell, you can best do that job through The Lowell Ledger, which now has the largest subscription list in its history... over 6,000 readers every week.

Pelle Strikes

Leslie Averill 4, son of Mr. and Mrs. Frank Averill Jr. and Mrs. Mathew Verill were both taken to Blodgett Hospital last week for pelle. Leslie is getting along very nicely and hopes to be home next week. Leslie's sister, Bessie, was also stricken but with such a mild case she was allowed to stay home. Mrs. Verill has been placed in an iron lung but is able to get out every day for a little while.

Use Eggs Right For Best Results
Hints for getting the most out of eggs, one of the most-called-for nutrition ingredients, come today from Michigan State College Foods and nutrition specialists.
The two qualities that make eggs valuable in cooking are their ability to act as thickening agents and their ability to hold air in recipes. A little know-how will help them do these jobs better.
It's the air that's beaten into the eggs, not the eggs themselves, that helps to lighten batters and doughs. And the way the eggs are beaten makes lots of difference in the final product.
Here's how to get the best result from beating. Take the eggs out of the refrigerator about 15 minutes so they can warm to room temperature before beating. That way they give better volume. Whites and yolks are to be separated, do so while they are still cold.
Do not beat eggs until you are ready to add them to the recipe. If the recipe says to beat slightly, just mix with a fork, whether it is a whole egg or the separate yolk or white. To test until thick and lemon-colored, use a rotary beater for electric mixer until the egg becomes lighter yellow and thick.
If the recipe says to beat egg whites stiff, be sure there isn't a speck of yolk in the whites. Use a beater until the mass is stiff but not dry. The whites will form peaks that topple if they stand up; they are overbeaten and will not give as much volume.
When using eggs for thickening in custards, sauces and puddings, you can prevent streaks of cooked egg by adding the hot liquid very slowly to the beaten eggs and stirring at the same time.

Get More Eggs By Encouraging Hens To Eat More Feed

When Birds Can Be Induced To Consume More Balanced Rations Egg Production Should Go Up

The stimulating of hens' interest in their feed can be accomplished by several methods.

1. Every time you enter the hen house, stir the mash to excite the hens' interest as to what is in the hoppers.
2. Feed moist mash once daily. Moisten regular mash with buttermilk or skim milk. (If not available use water). Feed only what can be consumed in one feeding.
3. Use about 3 pounds of oats per hundred layers. Soak them overnight, pour off the water and feed on top of mash or in separate hoppers.
4. Second cutting alfalfa hay, fed in racks, is another way of adding variety.
5. Use lights in winter to provide about 13 hours of light.
6. If increased feed consumption is to be encouraged you must remember to use a good balanced feed, otherwise the feeding of improperly balanced mixtures results only in a waste of feed and money.

Make Applesauce Of Early Apples

Early apples are excellent for eating but do not store too well, says Roberta Hershey, Michigan State College extension foods and nutrition specialist.

She suggests a practical way to keep them for winter—can them. Since they are likely to cook to pieces, most homemakers prefer to can them as sauce.

This canned applesauce is fine in pies, puddings or served as a relish with chops and roasts, Miss Hershey points out. Making applesauce is easy.

You can make it sweetened or unsweetened. After paring and coring apples, cut them in pieces. Heat through, stirring to keep it from sticking to the pan.

Pack hot to one-fourth inch of the top. Adjust lids and process in boiling-water bath, 10 minutes for either pint or quart jars. Complete seals, if closures are not of self sealing type, as soon as you remove jars from the canner, Miss Hershey advises.

Mr. and Mrs. Frank Keiser spent several days last week in northern Michigan. On Monday they attended the wedding of Miss Angela Preselle and Mr. Chester Skrocki of East Jordan at St. Matthews church, Boyne City, the breakfast and reception being held at the Boyne Mountain Lodge at Boyne Falls. They visited Mr. and Mrs. Albert Steinke at Indian River also Mr. and Mrs. Howard White at Charlevoix.

Showboat Garden Club

Mrs. Nicholas Kik of the Kik Nursery was guest speaker at the meeting Monday evening of the Showboat Garden Club. The meeting was held at the home of the President, Mrs. Harold Wittenbach. Mrs. Francis Campau, chairman for the evening, introduced Mrs. Kik whose topic was "Fall Care of Your Garden," but the questions asked and very graciously answered covered many other phases of gardening.

A splendid assortment of shrubs, perennials and pottery was brought by the members which was auctioned off and proceeds turned over to the treasurer.

The scheduled talk by Mrs. Fred Pattison of Alto on compost piles was not given as she was not able to attend, nor were the pictures shown by Bob Christiansen of the recent Flower Show as the slides did not arrive in time.

The next meeting will be held at the home of Mrs. I. W. McFall on October 8th, Mrs. Richard Rutherford, Chairman.

Vital news is found on the Ledger Want Ad page.

YOUR WASHINGTON REVIEW

The Federal government is the Peoples' Business. This should be self-evident but the record shows most folks neglect at least this part of their business. The fact that each citizen on a per capita basis pays \$340.00 in federal taxes each year is sufficient evidence of the direct connection between the government in Washington and each of us. An average American family of four pays Uncle Sam \$1290.00 in federal taxes. In other words, regardless of whether you are one, or if there are many, Uncle Sam's Tax Collectors knock you. Someone quipped the other day that a taxpayer is a person who has the Government on his payroll. That situation wouldn't be so bad if the Government was being managed efficiently and economically.

Here are some startling facts that some people in authority believe in Tax, take and spend, spend. The United States Treasury as of August 29, 1951 has collected in federal taxes since July 1st, \$5,750,011,734 and during the same two-month period spent \$5,823,144,600. This 60 day deficit of almost three billion dollars is as startling as the fact that in a little over six years President Truman collected 12 billion dollars more than all his Presidential predecessors, including F. D. R. collected in 154 years. The frightening point is that every child born in the United States today immediately inherits a share of the federal debt of 256 billion dollars. In other words, a \$1700 federal mortgage is affixed at the baby's first breath. I doubt if that is a fair break for any child. The folks who advocate free spending policies for your federal government should hide their faces in shame. What can be done about it? Real economy every day in the federal government plus a determination by our citizens that there will be no more federal handouts of any sort.

Two recent public statements by well-known Americans have provoked considerable editorial comment by Newspapers and radio commentators. Herbert Hoover's stirring call for higher standards of honesty and decency in public life hit the news. In contrast, the demand by Supreme Court Justice Douglas that the United States recognize the Chinese Communist government struck a very sour key.

Mr. Hoover properly warned that reform must go beyond written codes of ethics. He pointed out that dishonesty is not only a matter of graft, but of false propaganda and half-truths. Particularly helpful was Mr. Hoover's reminder that "our strength lies in spiritual concepts," and his rejection of the cynicism which accepts legal but unethical practices. Unfortunately, there are some officials in our federal government who seem to feel that unethical practices and corruption are necessary evils in a free government. Certainly the overwhelming majority of Americans disagree and as a result there is a grass-roots movement for a code of public morality based on the Ten Commandments and the Sermon on the Mount.

The rebirth of public morality should not be a partisan issue. The American people did not approve of the corruption under Presidents Grant and Harding and they don't like it one bit better at the present time with all the revelations of milk coats, deep freezers, and the R. F. C. scandals. The graft and corruptions of 50 or 25 years ago does not excuse what has been going on in recent years. It is not a sound or logical argument to contend that corruption is permissible now just because it existed many years before. Our citizens rightfully expect high standards in public life at all times and it is encouraging to know there is an expanding moral crusade to bring about the long overdue results.

The statement by Supreme Court Justice Douglas advocating recognition of Red China was a bombshell that will damage American prestige at home and abroad. The Russians and all Communist sympathizers applauded Justice Douglas' statement, just as the Communist newspaper, the Daily Worker, recently commended him for voting against the conviction of the 11 top Communists. The United States should not recognize Communist China and it is difficult to understand how a Supreme Court Justice can favor a government that mistreats our missionaries of all faiths in China and whose army kills our soldiers in Korea. Justice Douglas was appointed to the Supreme Court in 1939 by President Roosevelt and later his appointment was confirmed by the Senate. If the State could pass on his qualifications now, obviously his confirmation would be in doubt.

One of the Washington newspapers received and printed this letter: "If we could take half of the Federal bureau into the Potomac River we would have flood control for years to come and perhaps get back some needed self-control."

This certainly applies to the countless bureaus in the nation's Capital which seem to undo most of the constructive work done by those in the field.

Boy Scout News

Lowell Boy Scout Troop committee met Monday evening at M. E. Church, opening the 1951 fall term of scouting. Those present were Chairman Jack Bergis, Harold Lind, Harry Shales, Harry Briggs, Phil Johnson, Ernest Allison, H. S. Blochoff and Charles Baird, Scoutmaster Gould Rivette and Junior Assistant Scoutmaster Richard Kraft.

Minutes were read and a report was given regarding the success of sale of Souvenir Showboats at the last Lowell Showboat. Discussed other means of raising revenue and outlining a plan of scouting for the coming season.

A court of honor will be held at M. E. Church at 8 p. m., Sept. 24 at which time 13 merit badges will be awarded. Parents and friends of scouting are invited.

Scouting in Lowell has made great progress in the last year. The troop was outstanding in its competition with other Kent County troops at the Camporee held at Townsend Park last spring and at Camp Shawnoochee, thanks to our Scoutmaster Gould Rivette.

CARD OF THANKS

I wish to thank my neighbors and friends for their many thoughtful kindnesses during my recent illness.

Fifty Guests Present At Silver Anniversary

Mr. and Mrs. Steven Baker were host and hostess Sunday at open house at their home on N. Washington St., honoring Mrs. Baker's parents, Mr. and Mrs. Carl Haddan on their silver wedding anniversary.

More than fifty guests were present from Lowell and vicinity and from out-of-town were Mr. and Mrs. Harry Minges and son of Philadelphia; Mr. and Mrs. Theodore James, Mr. and Mrs. Henry Dyer and Mr. and Mrs. Clifford Rabe, all of Grand Rapids.

Refreshments of wedding cake, open sandwiches, relishes and tea and coffee were served with Mrs. Norton Avery and Mrs. Frank Traneus presiding at the urns.

The table was decorated with white gladioli and several bouquets of fall flowers were in evidence about the rooms.

The couple received several lovely silver gifts.
